THE MUSIC HALL.

Not by the tag, tag and bob tail of the city. The amount of taxes collected for the last who care for no other music than that of fortnight was \$2141.14, making about the Negro Minetrels; but by that class, which by the amount of its taxation contributes most to the well-doing of the city. It is true that some short time ago, the City Council accepted the offer of Mr. Les ter, to lease the late Wesley Hall and to fit it up as a Music Hall, for which it is so well suited; but so many severe and unvet restrictions were tacked to the accept since of Mr. Lester's offer, that we fear that gentleman has been obliged to abandon his scheme as ruinous and impracticable. At least we judge so from not hearing from him for so long a time. While other cities in Canada enjoy the blessing (and it is a blessing to many) of a Music Hall, Kingston is left on a par with the humblest . one horse villages. The English Opera Company that lately

sung in Quebec and Montreal, on its way Toronto and Hamilton, gives Kingston go-by, and yet sings at Ogdensburgh Watertown, Oswego and Rochester. Because all these cities have Music Halls. Mr. Gottschalk, after giving three of his delicious Concerts at Toronto, stops at Cobecause it has no Music Hall, where his short, every Artist worth hearing takes good care not to come to Kingston to lose money.

And way has not Kingston a Music that a Music Hall open to the public wil injure the revenue of the City Hall! Whit strange as it is painful. necessity is there for a city like Kingston to hire out its City Hall to every Tom, Dick drunken loafer, who, because he has paid his quarter to get in, thinks he has a right | Coffin has been employed for some time to mutilate the portrait of any one, Statesman or Mayor, whose politics he may dis- | Wellington, at Prescott, is already pres like?
