NEWS OF THE DAY.

THE LADIES' PIC-NIC.

The Pic-Nic Excursion of the Ladies of the Kingston Benevolent Society, on Tuesday last, met with great success. Although late in the season, the weather proved uncommonly fine, neither windy nor hot ---The steamer Pierrepont made an early start in the morning, taking to Simcoe Island, (the property of Wm. Breden, Esq., who with his wife and family did every thing to please the Excursionists,) the Ladies of the Society, accompanied by the elite of the R. C. Community of the city and vicinity, tion of the Township of Bayham -Mr. Walsh, and having in charge about fifty orphans To amend the Act incorporating the Mon- | boarded and educated at the charitable Institution of the Listers of Providence. Later in the day the steamer went again to the Island, this time laden to repletion with admitted to practice Medicine, Surgery and | the ladies and gentlemen of Kingston and their families, and with fully as many Protestants as Catholics. At the place of the Pic-Nic, a pretty grove at the foot of the Island, the Ladies had put up tables covered with every thing the heart could desire, and Fraser's Quadrille Band being in attendance, which by the way, played uncommonly well, Dancing was commenced almost immediately after landing and kept up sans intermission until seven in the evening, when the steamer made the second

and final departure for home. Nothing could possibly be more pleasant than this Pic-Nic. There was no stiffness in the company, neither was there any undue familiarity or coarseness. All went to enjoy themselves and all seemed fully to succeed. Although there was plenty of Wine and Beer on the Grounds, not a single man or youth was, in the slightest degree intoxicated or even elevated; but all conducted themselves as they should do in the company of ladies. It will be a long time ere the recollection of this charming Pie-
