THE KILLING OF DEER.

I told the reader some time ago, that

was no sportsman, simply a Pot Hunter

deer in my day, or rather I have been at

Hot and rebellious liquors in my blood ! tween. Transportation by Batteau was just] I We got to the shanty of a farmer on the superceded by Durham Boat, and all Goods edge of these Lands about ten in the mornshallow vessel, was tugged up the Rapids of the St. Lawrence by relays of oxen, and it usually took a week and oft-times a fortnight, to get Goods to Kingston from La-Lachine Canal was dug. In 1833, when the Rideau Canal was finished, Goods then came up to Kingston in barges, via the Ottawa River and Ottawa Canals, and this continued for several years (in the days of McPherson & Crane,) and it was not unti the completion of the St. Lawrence Canals, It was in 1837 that Kingston was first ncorporated and made into a town, with a Mayor, four Aldermen, and four Councillors. The erection into a city with more Aldermen are not suitable for canne navigation. But being curs, they only yelp at the deers' 1846; but it is scarcely more than a dozen years, since the limits of the city were extended, so as to include the large and populous suburb of Lot No. 24. How long and how. heard the yelp of the curs, and shortly flercely did the inhabitants of this suburb afterwards, not half an hour, a fine buck fight against being incorporated with the leisurely crossed the road and was shot city.! What pledges were forced upon the the fore shoulder by one of the farmer County Member, what threats were uttered Leone. But the' shot in a vital part, the deer against all and everybody who should prowas not killed outright; he took sturdily t mote that vile scheme; what migragions, his beels, followed by the dogs and I what burnings, what wonders were to be nearly the whole of us, hor foot. enacted, should Parliament perpetrate the trickling of blood and the sharp eyes of the hunters, enabled us to follow him, but it the Bill was quietly made law, and Lot No. was long after mid-day ere he was over-24, divided into two Wards, became part taken and a finish sput to his misery with and parcel of the city, and not one word the mighty knife. About four o'clock said. So will it be with the village of Portsthe afternoon, we all took our places again on the roadside, and the dogs were again political convenience of Kingston to extend put into the bush. This time a couple i its limits westward. The good villagers hours elapsed ere any sign of deer or dogs was heard, but at length the grateful yelp 24, that they never will be joined to Kingcame upon the ear, and in due time, a and her fawn came dancing along the runway. It unfortunately happened for us, Kingston friends, a good but raw shot, was placed. When he saw the deer and her fawn dance along, within twenty or thirty yards, the buck fever, not an uncommon malady wil young deer-hunters, seized him violently ; once chosen Town Clerk, but I wholly and natural limits of Kingston, and sooner | day, so we made tracks for head quarters, and there dividing the buck into balves leaving the skin for him who had shot

> who knows the country, the runways, and the ocal babits of the deer. There is another and a fourth mode of ling deer, but I mention it for the sole purpos of reprobating the cruel and Illegal practice In the deep snows of January and February, party of a dozen men or more enter the woods at different points, where deer are known
