

THE YOUNG MOTHER AND HER BABE

Young mother, it is necessary that you should be a prepared for your babe! If you are obliged to do so, remember that the life of your darling depends upon your choice—we mean the character of the food you select.

There are prepared and artificial foods that should never be brought into a home; their use means sickness, suffering and death to your child.

The attention of every young mother is directed to life giving and food building Lactated food, which is a perfect substitute for mother's milk. This pure and unadulterated food agrees with the weakest stomach, it is easily assimilated, it is a perfect corrector of digestion. Babies thrive fast, grow fat and plump, healthy and happy when fed on Lactated Food.

AT THE GREAT FIRE SALE

SILK GLOVES AND RIBBONS Are Now Ready for Inspection. REMEMBER, everything in this stock must be sold in a short space of time and low prices will do it.

No goods sent on approval. No goods exchanged. All sales for Cash.

ALLEGED ELECTION DEAL

AN INTERESTING STORY FROM THE ANCIENT CAPITAL. How the Scheme Fell Through Owing to the Postponement of the Dissolution of the House—Does it Stand Good For a Day to Come?

Quebec, June 7.—Hon. G. E. Foster's reply to Mr. Malloch, the other day, in the House, that nothing had been paid to Mr. Malloch, a contractor, on account of his \$170,000 claim for extra in connection with the Langens block, Ottawa, has revived a rather interesting reminiscence of the late Mr. Malloch's dealings with the Government.

The attention of every young mother is directed to life giving and food building Lactated food, which is a perfect substitute for mother's milk. This pure and unadulterated food agrees with the weakest stomach, it is easily assimilated, it is a perfect corrector of digestion. Babies thrive fast, grow fat and plump, healthy and happy when fed on Lactated Food.
