The Parliamentary Proceedings Orrawa, June 27.—Early this afternoon the house went into committee of supply. There was considerable discussion on one considerable discussion on one tiom in respect of which the liberals took asception to the action of the public works department. It appears that last year the government expended \$5,000 on dredging af Fort William. This work was undertaken without calling for tenders, a protate of the public works, and the policy of the control of the public works department.
