It will be interesting to marines to
know that seventy years ago the water in
Lake Ontario was considerably lower than
it is now.

THE DRUGGISTS MAY DROP OUT—Arrang-
ing For a Baseball Match.

The clerks' association met, last night,
for further consideration of the Wednes-
day half-holiday scheme. Mr. Roche,
was present, and explained that he
had not come close up entirely on Wednes-
day afternoon. He was perfectly satis-
fied to allow his men to have a day off
to close up altogether. It is expected that
the druggists will allow as many of their
clerks as possible off on that afternoon. It
will be a great many more people if
it is not better. The drug stores
open on account of the disparity in business.
Many people go as far as to have their
kept open on Sunday. Next Wednes-
day, from present information all the
dry-goods stores will be closed. The of-
ficers of the association are now busily en-
gaged endeavoring to get the grocers into
line. The prospects are favorable for this
class of merchants also closing their
doors.

No word had yet been received from
Cobourg. The baseball team there had
been wired to see if they could give the
Grandma game here on Wednesday. The
game will be given at the same time and
the same as was offered the Grizzlies to go
there. If the game is arranged Sullivan,
of the Rockwells, will pitch for the
Grizzlies on account of Robinson's absence.

The Clerks' Half Holiday.

KINGSTON, Aug. 6.—(From the Editor.)
Both local papers contain items in respect
to the recent half holiday for clerks, which
lead the public to think that J. J.
Behan was the only grocer who had back
enough to close up his store without
breaking around to see what the others
did. Not so. For a fact the fol-
lowing grocer closed up on Sunday.
O' Cleary, G. Carriker, The Johns,
N. E. Runyan, H. Sharpe, James Redden,
D. A. Shaw, James Shaw, F. Sears, Lom-
mon Bros., Miss Sissons and J. Gilbert.
I hope I have not missed any. The rest
of them (too numerous to mention)
didn't do as much as they expected
under the circumstances. The people con-
sidered it a stealing trade and didn't wish
to encourage the practices.

The clerks work hard and long for the
little they make and should get the small
sum they make, and it is their own
fault if they don't keep quiet. Then
they will pay you to take a look in
as we can show you the bargains
much more to the purpose than
by this description.
