TALKING A BLAST FURNACE

A CHICAGO CONCERN SENDS A REPRESENTATIVE HERE.

of Trade-He Has Faith in the Over in This City-A Furnace Would Stimulate Trade in Many Branches. A representative from a Chicago concern is in the city to talk, about the est of trade. He has had the various ores it this section analyzed by Dr. Goodwin and several excellent grades have been found, trade to-day is Hardy's ore of sixty per cent, being declared to be siderable of the Cataraqui marsh where the

Chicagoian does not alk any great bonus from the city. He would be satisfied, 'tis slack could be dumped and good land made. He would also like to have free bounty on all iron produced. The capacity of the furnace would be about 100 tons A new pair will be given per day and he would employ about

see his way clear to go to Fort William, home, and a few days later learned that men were negotiating with the board was surprised at this because his idea was on the same line. He waited until the excitement abated and started for

He admits that while there is a quantity fit for blast furnace purposes. He has secured several options on good mining lands in the Madoc district. He showed the reporter a sample of iron ore he got on a property at Coe Hill, and on which he has an day. Kingston merchants should be highoption. He thinks that even if a furnace ly satisfied this summer with the transient withstanding the heavy duty. He says it | been already this year. is very hard to make the manufacturers of iron in the United States believe that there is any good iron ore in Canada, and fore a market can be found in the States. He weeks fishing at Reid bay. Next year he Chicago, are the guests of Mrs. J. Marshall, is waiting to see the results of the analysis | goes out to the K. &. P. lakes. Mr. of iron ore found in the Rideau canal acc-

The visitor had an interview with Dr. Dawson, who, with an engineer, will examine the iron ore prospects in the county of Frontenac and adjoining counties. H is glad this survey is being made. It will be the means of supplying those who are

necessary in respect to the quantity and quality of the ores he will submit his scheme for the erection of a blast furnace bere to the council and board of trade. In world to know what he is doing, because his name were published his remarks would go in all the papers dealing with iron subjects and he would be in receipt of hundreds of letters from different parts of the United States which would only be a be found in Mr. Berry's conservatory.

The gentleman says that benefit will not flow alone from this furnace, for such a concern generally attracts many other iron-working businesses and these would add stimulus to Kingston trade.

AN ARMENIAN SPEAKS.

His Fellow Countrymen.

He is Preparing Himself as a Teacher F Aviakiam, in the Baptist church last night, was full of interest. Mr. Aviakiam is an Armenian and the idea of his trip through this country is merely to raise funds for a classical education. His first intention was to go into the ministry and upon graduating from college return to his native country as a missionary. However, he is now determined that teachers are more necessary there than preachers. The lecture is a young man, not more then twenty-one ture. In introducing the speaker Rev. Mr. governed. There was lots of gold, silver, lead, iron, copper and rock salt to be found Central. But this is not all the company has in view. The passenger business of Upper St. Lawrence is now controlled by the St. Lawrence is now controlled by the St. Lawrence river and the Thousand Island steamboat companies. The Folgers, the chief stock. this section of the country.

The same combination that is looking lowed to leave the country under penalty

the cause of recent troubles in Armenia. Lickill, Belleville. England had saved Turkey four times from Russia, and her excuse for so doing manager of the Hudson river lines, and his was to protect the christians. England son, Howard S. Folger, general passenger had not done much to liberate Armonia and it was high time the christian nation went to her assistance. A collection was taken up for the lecturer's benefit,

James Clark, 152 Ontario street, says farmer calling at his place claimed to have found a purse containing a large amount of money when driving to the city the other day. The farmer is anxious that the owner get it, but Mr. Clark cannot remember the man's name. The farmer is on the market every market day and will be pointed out by Mr. Clark. Gave Her The Bouquet.

Mrs. Berry, wife of Francis Berry gardener, Williamsville, promised to give Mrs. Folger, sr., a bouquet of flowers as soon as the electric railroad was finished to the city limits. Yesterday Mrs. Berry waited upon Mrs. Folger at her residence Sydenham street, and gave her a very large Hero Down the River.

Saturday 2:15, calling at Clayton and 1000 Islands. Fare 25c. Tea 25c.

is what few people are privileged to of forty cent Osh-K-Osh tea. For the present you can get it for twenty-five cents. One thing is sure, a tea that is used every day by a great number of intelligent and prosperous people, and which is admitted to be a good article, is cheap at twentyfive cents, and is a safe investment for those who use tea. One dollar will purchase four pounds at our Kingston store, 109 Princess street, and at Toronto, Peterboro and Kingston.

When the owners of property in the vicinity of Collingwood street petitioned years of age and had a large map of Turkey. for a local improvement drain and water works service they agreed to pay \$10 over their regular assessment because there Laing said he knew of no worse governed would not be sufficient consumers to warmenians. The lecturer said he left drain has been built the consumers have feels like a new man.

The "America's Special Annual Tour, Saturday, 2 p. m. sharp. Fare 25c.

Look Into Electric Car Systems. The president of the Kingsto electric railway returned last week after a trip in the United States. He visited Rochester, N.Y., and Brooklyn, N.Y., and looked into the electric car business both places. In neither of the places i the service as complete as here, and the carr are neither as handsome, or as comfortable. The Kingston cars do a better business in the summer months than the cars in Brooklyn. He noticed he would as soon be struck with the ear itself as with the fender. The fender would not throw a person out of the way of the cars, because there is room underneath it for a person to roll.

The same combination that is looking toward the centred of the Hudson river boats has also in view the securing of the St. Lawrence lines, and furthermore, the building of new boats for an opposition line to the Richelian and Outario navigation company, between Toronto and Montreal to Prescott, where a transfer will be made to boats appointed to Prescott, where a transfer will be made to boats appointly of the English languages in existence to the hardest languages in existence to law on the Armenian language and the being the most of the country and New York in the Armenian language in existence to the hardest languages in existence to learn. Educational work was required in twenty-four hours between Albany and New York central rails of the seene with the life-saving apparatus. Heaks, J. Norman Smith, Toronto; Miss Male and Lady, Boston, Richiard Green of the country, but when he got her building of new boats for an opposition line to the Richelian and Outario navigation company, between Toronto and Montreal to Prescott, where a transfer will be made to boats appointed. The were therety even the country under penalty of the securing of the St. Lawrence interaction of this country, but when he got her building to the Richelian and Outario navigation company, between Toronto and Montreal to Prescott, where a transfer will be made to boats appointed to prescot, where a transfer will be made to boats appointed to prescot, where a transfer will be made to boats appointed to prescot, where a transfer will be made to boats appointed to prescot, the red of the country, but when he great the country of past twenty years there would soon be no Armenian church. He was fifteen years old when he decided to return to his own country Scott, New York; Geo Sydney, Cato. than he was he is still in such a state that it would be unwise to start him travelling Mr. Thomas is the only member of the original New Orleans Jubilee singers on the road. He was born in Louisville, Kentucky, and in 1877 started out with the with which to equip and endow a college for colored people. The first stand was at Philadelphia, Pa., and they were greeted with a tremendous house. Their success was so great that in four years they made \$58,000, and with this money an educational institution, known as Lastach seminary, was built at St. Mary's parish, near New Orleans. The college is now selfsustaining and attended yearly by a great many students. Mr. Thomas was a student two years at the college and has a good education. He is a member of the Kentucky, and has been identified with the order a great many years. He has been confined to his room two months, still he has great hopes of his recovery.

P. A. Thomas, organist of the troupe, i brother of the sick man. Their father and mother and sister were slaves. The mother is dead, but the father and daughter are still living at Louisville.
