END THEREOF WAS DEATH A CANADIAN YOUNG WOMAN DIES IN BUFFALO.

It is charged in the result of a criminal operation—a story of sin and shame—the physician concerned in the case is charged in the result of a criminal operation performed upon her by Dr. G. Harper, a practicing physician, of Buffalo, N.Y., who is charged with the death of Miss Kavanagh, a woman of wealth and refinement. Dr. Harper is under arrest.

District Attorney Kenefick has positive evidence of the identity of the lover of the girl. The betrayer, it appears, agreed that her reputation should not suffer and that her parents should be kept in the dark of the criminal operation. He established communication with a friend in Buffalo, who is but twenty years of age, and it was through this young man that arrangements were made for the girl to be taken to Buffalo. She was taken to Buffalo on Saturday last. The police have not yet been able to identify the young man who is charged with the death of Miss Kavanagh. The name of the betrayer is also withheld.

Left last Saturday. CARDINAL, Oct. 25.—Miss Kavanagh, who died in Buffalo, N.Y., yesterday, was born in Iroquois, Ont., but has been residing in Buffalo, N.Y., for the past four years. She left here on Saturday last.

Miss Kavanagh had always borne an unblemished reputation. The tragic news of her death and the circumstances which led to it have caused universal surprise and regret here. Her parents are heart-broken, and the news of her death was the first intimation that she had been taken to Buffalo. Both Mr. and Mrs. Kavanagh refused to say anything on the painful subject, but it is understood that the body of the dead girl will not be brought here for burial.

THE LIFE'S COMPANION KNOWN. Buffalo, N.Y., Oct. 25.—District Attorney Kenefick, who is in Buffalo, Ont., had proof that the seducer of Annie Kavanagh was a married man of Buffalo, Ont. Since the girl was ruined the man had been married. He is now in Buffalo, Ont., and is being sought by the police.

It is understood that the Canadian government will prosecute him for seduction. The developments show that \$100 was paid to Harper by the girl's father. The young man who went to the doctor about the case acted merely as a messenger and I doubt if he could be convicted of any participation in the abortion. I do not understand that he was anything but a well-meaning friend of the girl, who was innocently dragged into the case, and who has done all in his power to help us in the matter.

An autopsy was made to-day by post-mortem examiner Miller. He found evidence of an attempted operation committed about three weeks ago. The removal of the body at that indicated that the woman had been subjected to an operation a time more remote than twenty-four hours.

Although the district attorney will not tell if he knows the name and address of the doctor who performed the first operation, it is likely that the doctor will be made to-day or to-morrow.

Coroner Kennedy to-day, empaneled a jury to investigate the death of Annie Kavanagh. After viewing the body, the coroner adjourned the inquest until Monday morning. The girl's people have telegraphed to Mr. Kenefick that they will come to Buffalo to see the body back to her home in Buffalo, Ont.

It is said the girl was seduced in Montreal last summer. CAN'T HAVE SUCH A GRIP. The scheme as detailed will be opposed.

LONDON, Oct. 25.—The Pall Mall Gazette prints a long article commenting upon the despatch published in the Times from its Hong Kong correspondent, stating that a treaty between Russia and China, by which Russia obtains the right of anchorage for her fleet at Port Arthur, the right to construct a railway and other advantages of great commercial value. The Gazette assumes this practically means that Russia has annexed China, if the conclusion of the treaty is a fact. Japan, the paper says, will certainly refuse to accept the treaty, and England will oppose it to the death.

The Globe in an article on the same subject says: "Neither England, the United States, Japan, nor Germany will sanction a partition of China, which would virtually render the Pacific Ocean a Franco-Russian lake and seal the markets of China against their commonwealth."

The St. James Gazette says: "It is obvious that if Russia is to be permitted to do as she pleases, she will in effect have a grip of China, which would be a disaster to all the nations of the world."

MURDERED FOR MONEY. A Terrible Story Comes From The Detroit Press. St. CLAIR, Mich., Oct. 25.—Horace Carleton, who lives in the township of Chino, three miles from this city, has returned from Amherstburg, Ont., where he identified the body of the murdered woman, found in the Detroit river, as that of Miss Olive Carleton, his sister, fifty-five years old. Miss Carleton left St. Clair on the afternoon of Sept. 22nd, and was accompanied by her husband, who was carrying a large trunk containing a sum of \$200 in money. For this paltry sum and the time-price she was paid, she was murdered.

Don't Want The Honor. CHICAGO, Oct. 25.—Robert T. Lincoln, mentioned as Gen. Harrison's favorite candidate for the presidency, is not anxious for the honor of being elected. He is reported to have said yesterday, "that to become president of the United States. The honor of being elected to that office is not a thing to be desired by every man who has friends in congress or in Washington; or other places, who are supposed to have any influence."

Struck on a Reef. CHICAGO, Oct. 25.—The steamship Encarnacion, bound for Cuba, was struck about six o'clock last evening, brought up on a reef one mile south from Hackett's Rock. The weather was smoky and she was crushed under the waves, consequently she was injured. Assistance was expected from Detroit, as she will have to lighten before she can be released.

The Niagara Agreed. TORONTO, Oct. 25.—J. T. Matthews & Co., owners of the propeller Niagara, received a message from Toledo last night, stating that the propeller Niagara was agreed there near the shoals owing to wrong wires. It was expected that she would get off this morning when the water rises.

Verdict of Not Guilty. OTTAWA, Oct. 25.—At the Hall criminal court to-day Mrs. Laframboise was acquitted on the charge of murdering Miss Jones at Hamilton. She a considerably fat girl.

CORBETT RETIRES. He Says That He Has Fought His Last Battle.

Hon. BRUCE, Ark., Oct. 25.—"I have fought my last battle," I hereby announce that I have retired from the political arena. I give the championship belt to either Major O'Donnell, whichever one wins the fight. This starting and unexpected announcement was made in the restaurant of the Arlington hotel by James J. Corbett after indulging in a story interview with the press. Corbett, who has come up from his training quarters at Spring Lake, Pa., and endeavor to persuade in agreeing to postpone the meeting with Fitzsimmons, 11th, as desired by the Florida athletic club.

Disposal of the Belt. NEW YORK, Oct. 25.—The following telegram was received at the Police Department yesterday from Jim Corbett: "I claim Police Gazette belt for forfeit. This man has failed to live up to a single agreement, and I also declare that I will not fight for that reason the stakeholder also decided that he had forfeited. I want you to acknowledge this claim, and announce publicly today and I will call the stakeholder to account by Maher and O'Donnell. Answer quick."

The answer was sent back to the champion by R. K. Fox. "According to the conditions governing belt disposal, in absence of a decision of referee. In absence of a referee, it depends upon final disposition of stake money. It is after Oct. 31st, stakeholder Dwyer acknowledges claim to Fitzsimmons' stake money, the belt will be awarded to you. The declaration by the club that the match will not be a factor in the agreement between you and Fitzsimmons. If no fight on Oct. 31st, articles of agreement are nullified. If you announce your retirement as champion, Police Gazette will offer for competition by Maher and O'Donnell, or any other challenger."

COUNTERFEIT BILLS. Captured in New York.—Were Bank of Toronto Notes. NEW YORK, Oct. 25.—Counterfeit bills, representing thousands of Canadian dollars, were seized yesterday in the cellar of the saloon of Emil Dyker, Columbus avenue.

Dyker was having some repairs made in his store, and sent yesterday for Otto Sigismund, a member of the staff of the bank. Sigismund could not go, so he sent Jacob Smith in his place. Both Dyker and Smith live in the immediate neighborhood of the saloon. Smith found upon an examination that he would have to go down to the bank to do some work there before commencing his job in the store upstairs. The cellar had been occupied for many months and it was almost empty.

When Smith opened a heavy wooden door he suddenly discovered a number of counterfeit bills, of \$1, \$2, \$3, \$5, \$10 and \$20 denominations, which bore false marks of the Bank of Toronto, Ont. They were tied in small bundles containing dozens of bills each.

Smith took the counterfeit bills to Dyker, who was in the saloon above, and the latter, thinking it was a good joke, began to distribute them to his customers. It is reported that the police also captured several dice, tools and plates used in the counterfeiting act.

ONE GRANTED, ONE REFUSED. The Decision of the London County Council. LONDON, Oct. 25.—The chamber of the London county council was crowded this forenoon when the council took into consideration the decision of the licensing committee to grant unrestricted licenses to the Palace and Empire music halls. Head of speeches were made by the respective members of the council, and the council finally, by a vote of 56 to 57, reversed the decision of the committee in regard to the Palace, and reimposed upon that place the restrictions which were formerly in force. The council then proceeded to consider the case of the Empire.

While the council was discussing the case of the Empire, Earl Russell, a member of the council and a radical, condemned the restrictions as placed on amusement, characterizing them as irritating to the persons affected by them and productive of serious results. An amendment offered by the generalist member, that the council refuse to grant a license for the premises, was rejected by a vote of sixty to forty.

The result of the vote was received with loud cheers. The council then proceeded to consider the case of the Empire, and the council finally, by a vote of 56 to 57, reversed the decision of the committee in regard to the Palace, and reimposed upon that place the restrictions which were formerly in force.
