PECIALLY FOR THE YOUNG

This is the message of hope to every | had saved a passenger train, which was presents have been showered upon her, I mus ally and then the sections. Before She is happy to think that she was the and truly doll, one that shuts its eyes when laid down, and a wagon for her lit-

family in high feather. Thanks to his little daughter's bravery, Mr. Anderson who is a fairly well-educated man, has been offered a position with the Duluth, \$3.00 Mississippi & Northern railroad at Du-, by Ar- luth, at a salary of \$65 per month, and did the elephant. Doesn't piggy look on the day the reporter called he was at | natural, even to his very short, curled home for the purpose of telling his wife | tali? the good news. The mother was busy was disputing its possession with a water

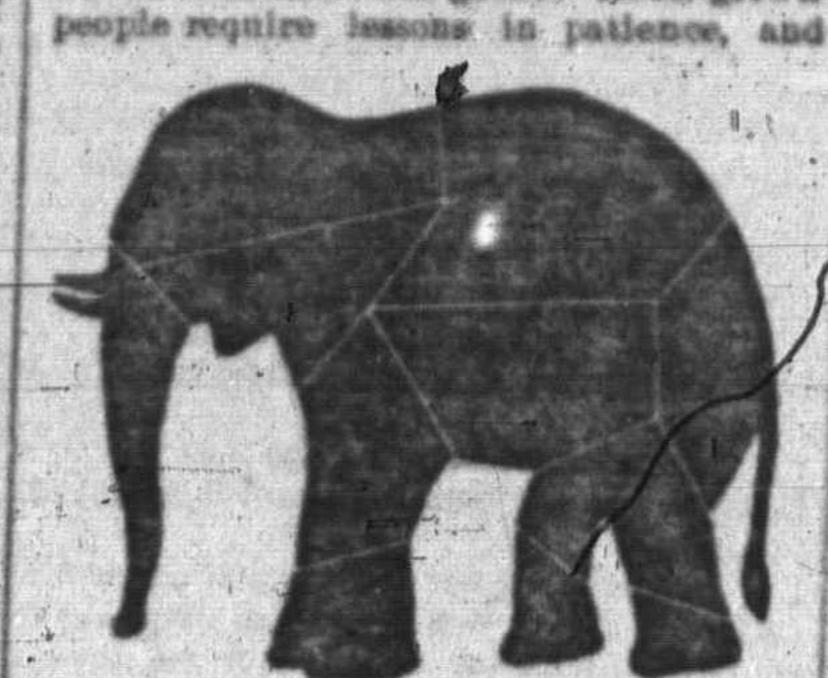

pausing in her work and patting the soft, sunny hair of her daughter. I have every little girl would be brave enough to do as she did. But we have always lived near the tracks, you know, so the children are not afraid of the trains. And I have told her how dangerous are the swampy places around here and cautioned her never to go near them, so when she saw the track disappear and the water begin to come up she knew that the passenger train would meet the very fate I so often warned her about unless

it was stopped before it came to the bend While the mother was speaking, Gertie listened attentively, her sweet little face as red as the dress she wore, as red as the painted cheeks of her doll. She was not ill at ease, particularly, nor was she forward, and when asked to tell her story did so in a charmingly simple manner She lived over again the excitement through which she had passed, and once almost dropped her doll while making an expossive little gesture.
