THE DEAD RAISED UP A Former Resident Thought to be Dying of Bright's Disease Cared by Dodd's Kidney Pills. Lasrowaz (Special) Nov. 25. - A despatch

reaching here relating to the endovery in Neepawa, Man., of Mrs. T. H. McKee, formerly hving here, was a surprise to her friends and acquaintances. It was met by doubt, however, until confirmed by a reply from Neepawa. Her case was well known here as this lady was treated by several of the local doctors for Bright's disease and her friends thought, as did her physicisms, build a skating rink this coming winter, that her case was hopeless, and it was as a was held in Eganville on Friday. The last resort that she left here to try climatic change. That Mrs. McKen was cured by Dodd's Kidney Pills in a few weeks, speaks volumes in their favor.
