match the trimmings of the cape.

This garment is of light, smooth boxcloth, of very light tan, and the velvet ' deep heliotrope in color. The girdle, collar ! and some odd applique figures on the car are of the velves, and it is lined throughout with deep heffotrope satin. While not warm enough for midwinter wear, this cape is suitable on all mild days, and iv smart enough to do double duty for even ing wear all winter.

Taffet Hints. Cold water is the cleansing. It is bracing; it is hardening, and it helps to make the skin firm, but it is not cleansing. The shock of a cold water application closes the pores at once, and they retain all the impurities which they should cast out. So that the woman who wishes to be clean must wash in warm; water every day and use her cold water sponge only as

When one is fatigued a sponge bath with warm water and alcohel will restore one's strength and vigor. When one is

falling off, owing to hard times, and the by a dash of cold water. At night castile soap should be used plentifully. The evening face bath should be preceded by a rubbing with coid cream, which will add

in removing dust and grime. Face steaming at home is a simple process and much less expensive than face steaming at the beautifier's. Rub cold cream first well into the skin, put your face over the bowl with a woolen cover over your head. Allow no air to get between the bowl and the flannel, and be careful that the water is bolling furiously when you pour it in. Fifteen minutes! sufficient to keep the position. When you remove your head from the bowl take a soft old towel and go gently but firmly over and over the face, removing every trace of grease and water. Just before ing into the air dash cold water with a few drops of benzoin over the face; this prevents cold, as the action of benzoin is to

close the pores. A teaspoonful of whiskey used two or three times a week in the water in which | See These Suggestions at Introductory face steaming will speedily rout blackheads, -New York World.
