home consumption. Our total liquor import bill for the year then stood as follows: For liquors of all kinds.

Outside of all moral considerations the [Henderson's book store.] matter is well worth considering.

HOW PAID FOR. last year to pay for its imported liquors? were: W. P. Bell, Kingston, and T. G. of our profit and loss in connection with (father of alderman Allen, Kingston,) was our imports and exports is one of real elected vice-councillor. practical interest to every intelligent Cana-

Turning again to last year's dominion trade returns (page 544) we find that the total value of the entire exports of Prince Edward Island, with its 110,000 population, amounted to just \$979,979, or not quite one half enough to meet the first cost of the liquors imported.

According to the same authority the province of Manitoba, with over 200,000 feetually that it never returns. population, and with the best land in all the dominion, exported to the value of \$2, 005,551, or just about enough to meet the liquor importers' invoicès, but no balance left of any consequence.

The raising and export of horses has become a very important business with farmers, especially in some sections of Canada, and it is now very properly deemed a very important item in our sources of natural the legal office of Canada, but the change does wealth. Our governments are doing what with his kidneys for some time. Pains in they can to help foster that trade. According to the same trade returns (page 522), there were 21,618 Canadian horses export. | very much broken up in health, and de-That we have the finest stock cepted as an evidence of the complete de. Now that Judge Taschereau has married ed last year, and their value, all told, spite the use of a large amount of doctor's ers whose principles and skill would give amounted to \$2,098,117. That seems quite a large sum and would pay for some thousands of our best farms, but first deduct the import liquor bill from it and scarcely enough remains to pay for the During the same year 391,490 Canadian | time

> showing that the jackets are up to the would be left from that grand sum after voters will not follow the hierarchy against standard of strength. Price 50c. per make the test fair, but searching and accu- success and prosperity of farming in Cana- box or six boxes for \$2.50 at all druggists. da. Last year, according to the trade returns (page 390) just 5,889,241 pounds were exported from the dominion, valued at \$1,052,089. Let our enterprising governments go on devoting large sums for dairy schools, travelling dairies, instructors and abundant cold storage accommodations so that in the next five or ten years that trade may be doubled in value, and then it will amount to enough to meet our present import liquor bills, but to day it barely meets them for six

months out of the year! Assertions like these, without the backing of the undoubted official reports and figures, would be considered intemperate

A good deal is being said just now about the Canadian people "growing more temperate every year," and such has been the fact for years past; but after years of just such encouraging growth here are the cold facts of the case as it now stands.

THE AGGREGATE OF YEARS. In the dominion statistical year book for 1894—another official document—tables

are given of the values of some of the leading articles of imports into Canada since confederation. During those twenty-FACTS AND FIGURES OF OUR IM- eight years, according to these tables, there went out of this country the follow-
