terest taken in them.

An Unfounded Charge.

The charge made by a speaker at the reformers' meeting on Saturday that premier HarJy had withheld the ferry lease from Wolfe Island municipality, was unfounded. The municipality has been i constant enjoyment of the lease; every Islander knows that the old ferry line has been able to touch at the island since last fall. Hon. Mr. Hardy bas given the kindliest hearing to the island representations and temporarily extended the lease till June, that the counter petitions could also be considered. This every fair government is bound to grant.

CHRIST CHURCH, OTTAWA, HAS BEEN SO HONORED.

The Camps Of Instruction Will Be Held Early In June-Efficiency Will He a Marked Feature-The Jubilee Celebra. tion Day Has Been Fixed.

OTTAWA, Ont., April 19 .- Christ church is to be a cathedral. Venerable arch. deacon Lauder, the rector of the church. made the announcement at the services yesterday. He said: "I have been requested by the lord bishop to state that he has in contemplation to erect this parish church into a cathedral and to make it the cathedral of the diocese. The question will be submitted to the members of the vestry to-morrow evening whether they will unite in asking the bishop to

carry his intention into effect. "A meeting of the vestry of the church will be called at a later date to receive the terms on which the bishop will meet the request of the vestry and give effect to his own intention."

The order-in-council making 22nd of June the date of the celebration of the diamond jubilee in Canada will likely be passed to-day. The annual camps of instruction will

be held this year commencing about the 7th of June and all terminating during that month. As it is the policy of general Gascoigne to reduce the strength of the militia from 35,000 to 25,000 men it is not unlikely the selection will be made on the basis of efficiency developed at the summer
