THE GARDEN PLOT PLAN.

Recommended For Trial In Kingston.

The Council Will Act. At the city council meeting, last night Ald. Wright presented a petition from the city poor relief association, concerning the need of considering in time, some provision to mitigate the suffering that exists every winter in the city, through the great scarcity of work for laboring men during several months of the year. The receipts of the association have been for some years past, very much less than the The gratification expressed by British expenditure and a small reserve fund, papers at Canada's offer of preferential arising from a legacy from which the detrade has something almost pathetic about ficit has heretofore been met, is now exit. The old country has stood out staunch. hausted. If the needs of next winter conly for fifty years for free trade, asking no | tinue to exceed the receipts the associafavors though giving many, and this is the | tion has no hope of being able to meet first time in history it has been offered them adequately. The association therefore requested council to take into consideration the adoption of what is known as the "garden plot scheme," which has

The report of the working of the plan was the result. The plan, if practicable, would, therefore, be economical as well as beneficial, in promoting a spirit of independence and thrift among the class that gested that, if possible, the plan be taken up by a joint committee of members of the council and benevolent citizens.

A deputation composed of R. Meck, Prof. Carr-Harris, B. W. Robertson and Rev. Dr. Ryckman, was present, and addressed the council in support of the pro-

R. Meek said the scheme originated in Detroit some years ago, when about 450 acres of land were placed at the disposal scheme. This land was apportioned among 975 applicants, and the seed was furnished free, some by the city council, some by The scheme was tried in Ottawa last year. Forty-eight families worked the land, and and all assistance will be given by the as-

City treasurer Ireland reported to coun-

LAST NIGHT.

Majority Bemains True To the City's Promise-Solicitor Will Prepare the By-law,Room For Two Elevators. At the council meeting last night Ald.

Donnelly, chairman of the elevator committee, presented the report of that committee, which report was published a few days ago in the Wing. Ald. Donnelly moved, seconded by Ald. Stewart, that the report be received and adopted, and that the committee proceed, with the aid of the city solicitor, to draft the by-law and carry out the recommendation of the report, so that no delay may ensue in reporting to

Ald. McKelvey said he would not vote for uch a report until full information has been given to council as to who the members of the company are, what their financial standing is, where the elevator is to be built, and all other necessary information, and he did not think the ratepayers would vote \$25,000 on a report so vague as that submitted by Ald. Donnelly.

Ald. Ryan also opposed the report. He lost. The amendment was lost also, on reviewed the history of the city's endeavors to secure a grain elevator, and his own connection with the special committee. He pointed out that all the departments of the civic government are this year pinched for money, and said it would be unjust to proceed further or to grant \$25,000 under these circumstances. The council should know who the members of the company are, their financial standing, and their ability to carry on the work. is reported that the company has secured the dry dock site free. If this be true it means that the city is giving the company \$50,000 to start this work. It is reported also that several aldermen are taking stock in the company. The speaker insisted that before proceeding further the council must be given full information on the points

Ald. Elliott said it would be a matter for is utterly untrue. Nothing is further cured permission to remove fourteen guns. from the intention of the government than and four mortars, from the military stores to donate the dry dock site. The rumor to the different parks. Carriages are obis being used by Ald. Ryan as a means of tainable also. He has written to the trying to get the council to go back on its | militia department for authority to obtain promise, sacredly and honorably given.

information regarding the company before submitting the by-law to the people. And | lunch waggon in the city park on the all the information desired will be given in | evenings on which band concerts are held proper time. All that the council is ask | in the park. ed to do now is to instruct the solicitor and the committee to prepare the by law Frontenac street which runs through and the agreement.
