NOW THE VOTERS WILL ACT. | ed to the agreement as clause twenty-one. The agreement was then adopted as a

AND APPROVED BY COUNCIL. The major, and the agreement was signed by the major, and by Ald. Mooers as represent with But Weak Opposition Last Night senting Edwin Mooers.

-Agreement Signed and Sealed-Benns By-Law Will He Voted on Next Month. The city council held a special meeting last evening to receive and act upon the report of the grain elevator committee. Mayor Skinner presided and there were in attendance Alds. Allen, Bell, Elliott, Carson, Donnelly, Kent, Johns, Livingston, Minnes, Mooers, McKelvey, Richardson, C. Robinson, W. Robinson, Ryan, Stewart Tait, Taylor, Toye, Walkem, Wright-22.
Ald. Carson introduced by-laws to author-

ize the construction, as local improvements, of sewers on Colborne street, between Barrie and Sydenham streets; on Sydenham street, between Colborne and Queen streets; and on Queen street, between Barrie street and a point 200 feet west of Bagot street. Council went into committee of the whole on each. Each by-law was read the necessary number of times and duly passed, all the members voting "Yea,"

Ald. Carson introduced a by-law to amend by-law No. 462, respecting wooden buildings, to give the city commissioner authority to take steps to secure safety of citizens in connection with scaffoldings at buildings in course of erection, and in case of buildings that are in danger of falling. The by-law was read the necessary number

of times and duly passed. Chairman Donnelly of the special grain elevater committee presented his committee's report, as published in another column to-day, recommending that said report be adopted and that a by-law be prepared for submission to the people in accordance with the city's offer re bonus for building an elevator here.

Ald. Donnelly said Mr. Mooers and the committee also were prepared to change clause two of the agreement so as to leave it to the city engineer, the chairman of the elevator committee and two other aldermen, to pass upon the elevator plans not they shall be accepted by the city.

The agreement was taken up and discussed clause by clause. Clause one was passed with the amend ment that the cost of the elevator, including the site, be \$100,000 instead of \$90,000. On motion of Ald. Donnelly clause two was amended so as to have the plans and specifications referred to the city engineer, the chairman of the elevator committee, two other aldermen and a fifth person to be named by the company. This amendment was accepted, and the clause as thus

changed was passed Clause three was passed unchanged. Ald. McKelvey moved to amend clause four to read "the elevator shall be built within an area between West street and Cataraqui bridge." Both he and Alds. Richardson and Wright held that any site west of West street would be too exposed. The clause was amended accordingly.

were adopted without amendment, and clause ten was amended to read that the Mooers, Kingston, \$20,000; J. T. Arm companies in which the elevator is insured stead, Duluth, \$5,000; W. J. Liv shall be satisfactory to the city.

audience enjoyed a hearty laugh at this luth, \$10,000. Total, \$80,000. suggestion and Ald. McKelvey refused to accede to Ald. Ryan's request to second the amendment. He thought \$20 a day willingness and readiness to take stock in quite enough to fine the company for fail- | the company. ure in this respect. Ald. Ryan accepted Ald. McKelvey's hint and cut the proposed increase the penalty and the clause passed without change.

Clause 13 caused a little breeze. Ald. Donnelly said, in answer to a question, that he had just been told by Ald. Mooers that the elevator was to be built as a tank elevator, partly of steel. Ald. Richardson said it was evident some members of the committee had had access to plans and specifications that other members had not It was not right for members to go away by themselves, put their heads to gether, and fix things to suit themselves. Many things had been smothered, that ought to have been brought to light. It was perfectly disgraceful the way things had been done at the committee. The

meeting had been set for Thursday, but the date was changed. Ald. Donnelly threw back the insinua tion that any disgraceful proceedings had characterized the committee. He could well understand how Ald. Richardson would desire to have the committee work other than smoothly. But he (Ald. Donnelly) threw back as untrue, what Ald. Richardson had said, The committee had done its best, to settle this matter amicathat had been made known in commit-

tee he had laid before council. The mayor asked Ald. Richardson to withdraw the word "disgraceful." Ald. Richardson refused. There had been perfectly disgraceful proceedings in committee. No alderman had a right to leave the committee, to go to one side talk the matter over, and be joined by a

third alderman. Ald. Elliott repudiated Ald. Richard son's accusations. He (Ald. Elliott) acted as chairman of the committee Monday afternoon in Ald. Donnetly's absence, and he would state emphatically that no alderman or aldermen had left the committee to con fer on the subject in hand. That was done after adjournment, and then any member

had the right to do so. Ald. W. Robinson said that if any mem ber of the council had endeavored to do right that member was Ald. Donnelly. some of those who were obstructing the elevator scheme would display less selfishness, it would be better for themselves and

for those they are backing. Ald. Donnelly pointed out that a tank elevator would cost more than the ordinary elevator, and with such a structure there would be less liability of damage to the grain than there would be with another

Clause twelve passed without change. Clause thirteen was amended by having it agreed that the (first) mortgage on the elevator act as a lien only to the extent of the principal and interest outstanding and unmatured, and as so amended was

Clause fourteen was amended by insert ing after the words, "city engineer," "or any other competent person appointed by council," and was passed as thus amended Clauses fifteen, sixteen, seventeen, eighteen nineteen and twenty passed withou

Ald. Kent wanted Mr. Mooers to de posit a marked cheque for \$5,000 as a guarantee that the elevator will be constructed, and he moved, seconded by Ald. Allen, a resolution to that effect, the cheque to be returned when the sum for which it is drawn has been expended in

Ald, W. Robinson said that before the council went out of existence a proposal would be laid before it to build a \$150,000 railway. He hoped that those who voted for the deposit of \$5,000 by Mr. Mooers would vote for the deposit of \$30,000 by the promoters of the \$150,000 scheme.

Ald. Kent's motion was carried and add-

ATTENDED TO THE TOTAL T

whole, and the committee was instructed

Alds. Richardson and Stewart were appointed to represent the council on the committee to examine the plans and speci-

fications for the elevator. Ald. Elliott moved, seconded by Ald. Ryan, "that, as the date of the next regular meeting of the council falls on the annivereary of the birthday of our most gracious queen, Victoria, when this council adjourns it shall stand adjourned until the next following night of meeting, and that all accounts be paid on being properly certified by the chairmen of the different committees." The motion was carried unanimously.

Ald. Allen moved, seconded by Ald. Stewart, that "the council suggests the granting of \$25,000 to Richardson & Sons and others connected with them for the building of an elevator, and reters the matter to the special grain elevator committee requesting that a report be made on the subject at next meeting of the council."

Alds. W. Robinson, Donnelly and Carson held that the resolution was out of order. The mayor agreed with the contention, and Ald. Allen withdrew his resolu

Ald. Donnelly introduced a by-law to raise by way of loan on the credit of the debentures of the corporation, the sum of \$25,000 to be granted to Edwin Mooers, for the purpose of erecting a grain elevator in the city. The by-law was read a first and second time and will be submitted to the people in June.

THE COMMITTEE IS SATISFIED

With The Financial Standing of the Mooers Elevator Company.

Chairman Donnelly was unavoidably absent from town yesterday afternoon, and alderman Elliott presided at the meeting of the elevator committee in his absence. and specifications and to say whether or There were present besides alderman Elliott, aldermen Stewart, Carson, Ryan, Richardson and Livingston. The city solicitor, J. Farrell, solicitor for the proposed Mooers company, alderman Mooers and G. and H. F. Mooers were in attend-

Mr. Farrell gave as the names of the promoters of the company J. Inglis & Sons, Toronto; Edwin Mooers, Duluth; H. Mooers, Kingston; George Mooers, Kingston; W. J. Livingston, Kingston; Mc Leod, Campbell & Smith, Duluth; Bartlett Fraser Co., Chicago. Mr. Mooers said. answering a question put by alderman Ryan, that \$75,000 stock has been subscribed. Alderman Ryan thought the sum should be \$100,000. Aldermen Livingston and Carson believed \$75,000 to be a sufficiently large sum.

Mr. Mooers, to satisfy the objections of aldermen Ryan and Richardson, submitted the following list of names of prospective Clauses five, six, seven, eight and nine | share-holders : E. Moeers, Duluth, \$5,000: Henry Mooers, Kingston, \$25,000; George ingston, \$5,000; Inglis & Sons, Ald. Ryan wanted clause 11 amended to ronto, \$5,000; D. Couper, Kingston, \$1,000 make the penalty imposed on the company George F. Clarke, Collins Bay, \$1,000; R for not Tunning the elevator for twenty McLeod, Kingston, \$1,000; R. F. Clow, years, during the season of navigation each | Kingston, \$1,000; R. Carroll, Kingston, year, \$100 a day instead of \$10 a day. The \$1,000; McLeod, Campbell & Smith, Du-

Mr. Farrell read letters from several American business firms, stating their Ald. Carson moved "that after hearing

the names of the stockholders in the profine to \$20 a day but the council refused to posed company, this committee is of opinion that the company's financial standing is all that is necessary." The motion carried. The offer of Richardson Bros. was lef

SUNDAY PARK MATTERS

That Were Before the Committee on Monday Evening

The parks committee met at five o'clock last evening, alderman Allen in the chair, and aldermen Toye, Richardson, Minnes, C. Robinson and Bell in attendance. A

man agreed to write to the militia depart. at different ages. to ask permission to allow the yacht club to have the use of the two small brass guns handed over by the department.

The sum of \$15 was granted to defray the cost of illuminating the city park on the night of May 24th.

"No action" was recommended on an application to place a merry-go-round in city

The chairman reported that he had col lected \$50, and that \$60 besides have been promised, and can be collected, to provide band concerts in the parks. The chairman suggested that council be asked to grant \$100 towards this object. It was decided to make this request.

The chairman said many citizens had asked him to set aside the outer drive in the parks for the use of bicyclists. Alderman Robinson suggested that the drive be given over to the use of horses and their drivers until five o'clock in the

afternoon and after five it be reserved for the use of bicyclists. This suggestion was Chairman Allen suggested that the half of the cricket field, opposite the residence of B. M. Britton, Q.C., M.P., be offered to the government as a drill shed site. But the committee could not see the proposition in a favorable light and the pro-

PLEASED WITH THE REPORT.

And He Makes A Statement As To Conduct Of Certain Guards.

A citizen, speaking of the penitentiary investigation commissioners' report, said this morning that he was very greatly pleased with every clause but one, and that was the one referring to chief keeper Hughes. The recommendation to appoint a school teacher for the convicts, and to entruet him with the duty of seeing that convicts, upon their release, do not loaf about the city until the money they are given has all been spent, pleased him especially.

Said he: "I have extra facilities for knowing how the ex-convicts loaf about town, after their release, drinking and carousing until their money has been all squandered. And I have known cases in which guards or keepers have come down town after they had been relieved from duty, to meet convicts who, had just been released. They have helped to drink the liquor the unfortunate ex-convicts' money bought, and then, when the latter were so drunk as to be stupid, and had spent all their money, they were left by the guarde, to fall into the hands of the police. Such a state of affairs could not exist, if the commissioners' recommendation to appoint a school-teacher were carried out. and each convict was placed aboard the train for his home by that official."

An Official's Views.

the Kingston peritentiary says the pro- ed to make an effort to follow the example visions recommended by the commissioners set by the queen city, and to advertise in the matter of reducing the staff cannot | Kingston in a similar way. The matter be carried out with safety. The present staff, he says, is small enough. There are printing committee, and aldermen Living. fifty-six keepers, guards, etc., all told. Twelve guards do night duty, leaving the day gang just so many short, and dividing the eleven convicts each, which is the average number to each guard, according to the figures of the commissioners, among the day gang, that would give the remainder of the guards an average of thirteen convicts each to look after. Then, again, the staff is sub divided, some on the walls, some in the workshops and others outside, so that it is difficult to average up just the number of convicts looked after ba one guard. Now, he argues, thirteen convicts may not seem many for one guard to look after, but thirty-nine would be a good number for three guards to attend to, considering the desperate character of some of the convicts. If all the men were kept inside the walls, of course, it would be an easy matter to reduce the staff, but Oak Hall for colored shirts. We save where the convicts are allowed outside the walls they cannot be superintended with a smaller number of guards.

The Great Question

Is why McLAUGHLIN'S Cake and Candies are the best—for the reason that he knows how to make them. Other makes of Cakes would be just as good if made right, but it happens that they are not. McLAUGHLIN knows how to make good Ice Cream too. Brick or any kind you want.

McLAUGHLIN, - Princess St.

Lagers, Light Wines and other Spring Beverages in specially fine condition. We cater to every taste. Orders carefully put up, packed and delivered.
