Over a hundred thousand miles of practical road testing confirm our laboratory experiments--proving our patent flush joint connections to be much stronger than our 5 per cent Nickel Steel Tubing as used in frames --- and the Nickle Steel Tubing itself twice as strong as Tubing ordinarily used.

All re- bereaved friends. -- Com. ligious and all nationalities in Canada honor the institutions we live under, and there should be no jealous question or denial of the loyalty of each and all to her majesty Queen Victoria. There are external questions of grievance and inequality with which Irish Catholics feel that they are concerned; but these questions in no way affect their loyalty, either as individuals or as a body of citizens. On the contrary their attachment, which asserts itself superior to all such questions, is only emphasized by reason of its manifest independence. Catholics in Canada, Catholic bodies and individuals, no matter what their nationality, unite cordially in the in tended display of Canadian loyalty to the

The only passage in all this to which exception can be taken is the reference to something which is supposed to have occurred in this city.
