WEDNESDAY MORNING, SEPT. 15, 1869.

NEWS OF THE DAY.

Sir Henry Holland, physician in ordinary to the Queen, is amongst the arrivals at St. Lawrence Hall, Montreal.

The Quebec and Gosford Railway is being rapidly pushed forward. Five miles of the line are ready for the rails.

On Saturday afternoon, J. Cayton, a woodman employed by Mr. Starling, was run over at the Belleville station, and was killed by one of the freight trains going east.

Our country exchanges are full to repletion with Prince Arthur, the potato rot, Sir Francis Hincks and the fall shows. Only this and nothing more.

The Montreal Telegraph Company have just completed their new line on the north shore of the Ottawa, between the Capital and Montreal, having stations at all the principal villages on the route.

Strong complaints are coming from the lower St. Lawrence, against the American fishermen, for encroachment upon Canadian waters. A private correspondent says the conduct of the American fishermen is disgraceful.

Judge Torrance has set aside the applications of defendant's Counsel, in the breach of promise case at Montreal, and has proved the verdict of the Jury given $3,500 damages to Miss Grange.

In a few weeks the House of Assembly in Prince Edward Island will be dissolved, and the whole question of Confederation submitted to the people.

John D. Culver, broker, of St. Catharines, absconded on Saturday, taking with him a large amount of money, from $15,000 to $20,000. Several banks are sufferers as well as a number of our business men.

Gould, the alleged Yankee forger has been discharged at Toronto.

The contract for the eastern extension of the Dominion Telegraph lines from Toronto to Ottawa has been taken up, and work will be forthwith commenced.

☞ It will be seen by an advertisement in another column that Mr. William Nelson, of Toronto, gives a concert in Ontario Hall next Friday evening. The object of the concert—which is charitable—should ensure a full attendance.

MILITARY DISPLAY.—The Minister of Militia has given his consent to the suggestion that the Volunteers of the West should be brought into Toronto on the occasion of the visit of Prince Arthur, if the Railway Companies will undertake to carry the men to and from the city for a single fare. The Minister of Militia consents to bear the expense, and also to give the men a day's pay, it being understood that they shall bring with them rations of cooked provisions for the time they are on duty. It is supposed that there will be nine battalions of infantry on the ground, which, with artillery and horse, will produce a force of nearly 4,000 men. To judge by the success of the recent camp in Kingston, we would say that a great gathering of the Volunteers of the Eastern section could be held in Kingston, to give eclat to the Prince's visit. Who will work the matter out?

LA CROSSE.—The interest in this game is to be revived to morrow afternoon by a match in the Cricket Ground between the Kingston Club and the Kingston Butchers' Club. Provided both Clubs are in mettle, a stirring contest may be looked for, and in any case there will be no exhibition of flagging, but one of cool, determined play. Let us hope for a free exercise of good temper, and the success of the game may safely be consigned to the good offices of that fanciful individual, the clerk of the weather.

THE BAZAAR.—The Wesleyan Bazaar opened yesterday, and will be found worthy of a long visit and a frequent purchase. The display was grand beyond our anticipation, and an agreeable surprize may be in store for a good many others. The benevolent object of the affair commends itself to all.

THE PHILLIPSVILLE ROAD.—To-morrow the Committee on streets and improvements of the City Council, who have the superintendence of the road, will pay their annual visit to it, and have invited the Council and its officers, with a few of their friends to accompany them. Ald. Allen, who is Father to the arrangement, declares that any Alderman who does not attend will never be Mayor of Kingston. Therefore Aldermen with whom popularity is an object will know how to act.

The Largest is not always the best, but the American House, Boston, which is the Largest Hotel in New England, will also be found one of the best. Every provision is made for the comfort of guests.

THE RECEPTION.—It may be useful to sum up the different proposals now occupying the public mind, as to the manner of the reception and entertainment of Prince Arthur and Sir John Young next week.

First, we have the formal Reception and Addresses, everybody agrees to those.

Then—Review of the Volunteers of the city and county, with perhaps those of Leunox and Addington, quite popular, and likely to come off.

Then the visit to the County Show, well received and quite sensible.

Of course the visit to the Penitentiary, Rockwood Asylum, and other points of interest—a matter of course.

The Ball—Highly popular with some, especially the ladies, but uninteresting and objectionable to many.

The Banquet—What the gentlemen are very anxious for—in preference to a Ball.

Promenade Concert—Well favored, but not very feasible at this late date.

Levee—Popular, but very stupid, except in connection with the Ball.

Resuscitation of the Physiognoscopeciphal Society—Something, which if taken hold of by willing and competent hands, would please the Prince and people best.

Firemen's Torchlight Procession—Good suggestion. Let us hope it will be carried out.

Moonlight Excursion—Too late in the season, and of doubtful success.

If a good programme cannot be selected out of these heads, then the monster Committee lacks the element of judgment.

Notice.

It is a noticeable fact that nearly all the religious journals in the United States side with Mrs. Stowe in the Byron controversy.

Every train that passes through St. John's from the South, has numbers of emigrants, Canadians, who return home empty-handed and disheartened. They have not found what they sought over the border; they come back ready to labor for us and for themselves in their native land.—St. John's P. Q. News.

A great number of British officers have arrived at Berlin, to attend the grand review of the Prussian army. The most eminent of them is Major General Codrington, who breakfasted with Louis Napoleon at at St. Cloud, on his way to Berlin. He found under the cover of his plate the grand cross of the Legion of Honor, which however, must have been unavailing to gratify the Englishman's appetite, if the Emperor, an expert in the English constitution, had not taken precaution to accompany the decoration with a porter-house steak and pickles.

The Utah Daily Reporter, alluding to the Byron scandal, says that in Utah apostles, presidents, bishops, elders, priests and teachers, without shame or secrecy, practice worse crimes than Mrs. Stowe accuses Byron of. High officials marry nieces—their own brothers' daughters, and even two of them at once—marry half sisters, mothers, and daughters at the same time, and even sisters of the whole blood. It is only right to add that the Reporter is edited by a rabid 'Gentile.'

The Montreal News says: We notice that in London (Ont.) on Wednesday last, a number of persons pulled down an American flag, tore it to pieces, and trampled it under their feet. It does not appear that the flag had been hoisted with any offensive design, and this riotous demonstration was made simply with a view of testifying to Prince Arthur and his suite the loyalty of the Canadian people. We do not suppose that any one will accuse us of being 'annexationists' when we say that we think such displays are in exceedingly bad taste and utterly uncalled for. There are other and better ways of showing loyalty and patriotism than tearing down and dancing on a bit of bunting.

BREAKFAST.—EPP'S COCOA.—GRATEFUL AND COMFORTING.—The very agreeable character of this preparation has rendered it a general favorite. The Civil Service Gazette remarks:—"The singular success which Mr. Epps attained by his homœopathic preparation of cocoa has never been surpassed by any experimentalist.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor's bills." Made simply with boiling water or milk. Sold by the Trade only in lb., ½lb. tined packets, labelled—JAMES EPPS & Co., Homœopathic Chemists, London.

WISTAR'S BALSAM OF WILD CHERRY

For the cure of Coughs, Colds, Hoarseness, Asthama, Influenza, Croup, Whooping Cough, Bronchitis, Predisposition to Consumption, &c., &c.

This great remedy is too well known and is performing so much good to make it necessary to go into an elaborate discussion of its merits. Suffice it to say that it still maintains its supremacy in curing diseases of the most obstinate character, and that all who suffer from the above complaints, after having tested this remedy, seldom have occasioned to resort to other appliances to insure a perfect restoration to health.

Testimony of Mr. Peter Shaw.

West Winfield, N.Y., Dec. 10, 1860.

Messrs. S. W. FOWLE & SON, Boston.

Gentlemen—During the winter of 1858 I was very much out of health afflicted with a severe Cough, Pain in the side and Lungs and a general depression of health to such an extent as greatly to alarm myself and friends as to the result. During this time I tried several highly recommended remedies, with little or no good result, and had concluded to try the effect of a Southern climate upon my health; but, before carrying this resolution into effect I was induced by the urgent solicitation of your agent, Mr. Huntley, to give Dr. Wistar's Balsam of Wild Cherry a trial. I did so, and, to my great joy found immediate and permanent relief by the use of only one bottle, and I am now in as good health as ever. I believe your Balsam one of the best remedies, for Coughs, Colds and all Lung Diseases, now in use, and conscientiously recommend it as such.

Yours truly,

PETER SHAW.

GRACE'S CELEBRATED SALVE.

We are constantly hearing favorable reports from those who have tried this remedy. Amy Anthony, wife of Mark Anthony, of this city, and living at No. 6 Locust Street, afflicted with a felon on the finger, was recently induced to make a trial of the Salve. Almost instantly she experienced a relief from the pain, which had been almost unendurable. Every other remedy but this proved unavailing. Those who have tried it once are satisfied of its merits, and nothing will induce them to be without a supply.—Fall River News.
