THURSDAY MORNING, OCT. 28, 1869.

News of the Day.

A Contrast.—Shoes painfully white, and noses painfully blue.

It is reported that Mr. Rankin, the recommending of North Renfrew, has been appointed Commissioner of Customs.

S. L. Hoover has been arrested at New York for smuggling $5,000 worth of goods from Brockville.

Colonel Jervois, of the 13th Hussars, has sold out commission for £11,000, and will return to Canada to reside.

Mr. Dymond, late editor of the London Star is coming to take an editorial position on the Globe.

McCulloch the messenger of the Royal Canadian Bank at Toronto, was committed for trial on a charge of robbery from the Bank.

The Privy Council has accepted the tender of J. Cotton for printing paper for the Gazette and Statutes.

T. R. Christie has been appointed Bank of Montreal agent, at Quebec, vice Hall.

The earthquake was seriously felt in Nova Scotia and New Brunswick, throwing down chimneys, cracking walls and creating general alarm.

The baskets for the Intercolonial lately put up are an average of 100 per cent higher than those of last spring, but competent judges still pronounce them 25 per cent below the actual cost of construction.

New Insolvents—Aaron Maun, Woodstock; William Willard, Cobourg; T. D. Parsonage, Raceburg; Wm. S. Baker, Ferleighburg.

An effort is to be made to get Rolfinson out on bail. His friends consider that he is kept in jail under detainers for political reasons. The movement to get him out is not likely to be successful.

The Cabinet is now understood to be complete in the new Ministers being Sir F. Hincks, Minister of Finance; Hon. C. Dunkin, Minister of Inland Revenue; Hon. Mr. Beaun, Minister of Agriculture; and Hon. Alex. Morris, Secretary of the Provinces.

At the Toronto assizes a printer named Hynes brought an action against Ald. Bolton for false imprisonment. During the last Fenian excitement, Bolton signed a warrant for Hynes' arrest on a charge of Fenianism. The man was confined in gaol for 19 days. Hynes contended that this was illegal and demanded damages. Verdict for the defendant.

A remarkable letter of Lord Lindsay to the London Times, giving a full account, written in 1849, by Lady Byron herself, of her relations with her husband, leaves the case of the late Byron question in a way more speedy and satisfactory than could have been hoped for. The new charge against Lord Byron and his sister is clearly a mistake, and may be dismissed as such from the public mind, before which it ought never to have been brought.

The Irish Roman Catholics of Montreal held an important meeting largely attended for the purpose of presenting a memorial to the Quebec Government, reminding them that the appointment of the Council of Public Instruction the Irish Catholic community were ignored. A resolution was adopted showing the sense of the meeting. It is highly probable that the Irish Protestants will also hold a meeting of the same nature, as there are no Irish Protestants in the Council.

The Toronto Leader announces the failure, on Saturday, of Messrs. John Boyd & Co., wholesale grocers; liabilities from $70,000 to $120,000.

The shareholders of the Bank of Commerce have met and approved the arrangement for the purchase of the Gore Bank.

AN EARLY WINTER.—On Tuesday, the 26th inst., a heavy fall of snow took place in this vicinity, so heavy that at one time of the day sleighs could have jogged along very merrily—merrily, did we say, no sadly, for nothing can be more sad than snow in October, unless it be in Harvest. But of this we have no immediate fear—yesterday the day was lovely, the snow all disappeared, and fine fall weather looked promisingly. Besides, is there not the glorious Indian Summer to come?

THE AVON.—The propeller Avon, of Kingston, which was ashore 40 miles below Mackinac, on Lake Huron, was got off by the wrecking steamer Magnet, and towed 20 miles towards Presque Isle, when it began to blow a heavy gale of wind from the north east. The pump gave out, and they had to beach her again. The Magnet returned to Detroit. The machinery of the Avon is entirely disabled, which was probably the cause of the disaster.

FOR THE PENITENTIARY.—The Warden of the Kingston Penitentiary received a number of distinguished visitors from Hamilton, who remain as guests of the Institution. They are:—Charles Jones, five years for house breaking; Roderick McFadden, three years for same crime; Peter Almond, burglary, five years; Henry Archer, burglary, four years; Henry Adkins, cattle stealing, four years; and John Kaff, arson, four years. They were all convicted and sentenced at the recent Assizes.

BAZAAR.—The Bazar opened in Ontario Hall yesterday afternoon on behalf of the Congregational Church. A number of tables were shown, displaying a tempting variety of handsome articles, which will surely appeal successfully to the pockets of all those attending, if the benevolent object of the undertaking do not take care of itself. The primary success of the Bazaar has induced the ladies to announce that they will hold it open it a third day, on Friday next. Meanwhile it will not do to delay a visit too long.

PICTON MARKETS.—Downward tendency since last week. Receipts have not been large, only one shipment of 6,000 bush barley. Quotations are:—Barley, 70c; rye, 55c; peas, 60c; wheat, 85c.

THE FENIAN RAID.—The excitement over Fenian reports has been as glorious an end as its many predecessors since 1866. Not a whisper is heard of a Fenian Privateer, and while the volunteers cease from troubling on the land the Canadian Navy is at rest. The twenty volunteers called out and hurried to the newest "objective point" will not be recalled, perhaps, for another month, though the country could repose quite as soundly if they were in their homes. It is not easy to divine the cause of the latest alarm, for from its inception it was known to some of the authorities, and not an unreliable portion either, to have been groundless. It is singular, however, to observe the Globe and Telegraph, which did so much to get up a tremendous sensation two weeks ago, now calmly stating that there never was any cause for alarm, and that the Government was wrong in exciting the people. But of course not the editors, but the innocent reporters are to blame for the sensational part.

MILITARY.—Lieut. Kirkwood of the Royal Engineers has been ordered from Kingston to to Montreal on duty.

A series of lectures is ordered to be delivered during the coming winter, to the troops stationed at Montreal, Quebec and Kingston.

The following further removals from Canada are announced:—A company of the Royal Engineers and 29th Regiment to embark at Quebec on board H M. S.S. Tamar on Thursday, to-day, and the 53rd Regt. on board H. M. troop ship Himalaya on Friday.

A friend in need. Grace's celebrated Salve is a friend indeed. Who has not found it such in curing cuts, burns, bruises, scalds, felons, boils, and even the most obstinate old ulcers and other sores? It is a wonderful compound, suited alike the skin of the child and of the adult.

☞ When the Archbishop of Quebec, and the Bishops of Kingston, Three Rivers and St. Hyacinthe took their departure from Quebec for Liverpool, they were attended to the wharf by the City Council, citizens, ecclesiastics, school children and others and loudly cheered as they left.

EUROPE.

By Atlantic Cable.

London, Oct. 25.

The Marquis of Salisbury will succeed the late Earl of Derby as Chancellor of the University at Oxford. Mr. John Conington professor of Latin, Oxford, died yesterday aged 45 years.

Mr. Henry Layard, author, has been appointed minister to Spain.

AMNESTY MEETINGS.

Dublin, Oct. 25.

Amnesty meetings have been held in the city of Cork and the parish of Carrigtwohill. Mr. Gladstone was denounced for his refusal to pardon the Fenians, and resolutions were adopted declaring that the Irish people will accept no legislative measures for Ireland until the prisoners are released.

SPAIN—NO KING.

Madrid, Oct.

The conviction is growing that the present state of parties the selection of a king is impossible. The Cortes are as much divided in opinion as the Cabinet.

The three principal parties in the Cortes have each appointed seven deputies to form a conference and try to come to some agreement.

CHANGES IN THE MINISTRY.

London, Oct. 26.

Acton S. Ayrton succeeds Mr. Lowe as Commissioner of Works and Building. Mr. James Stansfeld, M. P., has been appointed Secretary to the Treasury, vice Layard, and Mr. Gordon replaces the Right Hon. James Moncreiff as Lord Advocate of Scotland.

FRANCE.

Paris, Oct. 26.

To-day passed, contrary to all expectation, a day of tranquility in Paris. The 31st of October, it will be remembered, was the day on which was fixed the meeting of the Corps Legislatif, from which meeting the ultra-republicans expected and determined to absent themselves, and thus to get rid, if possible, a popular demonstration against the Government. The attempt however, has most signally failed. The Government and town precautions and the city remained perfectly quiet during the whole day.

SPAIN.

A despatch from Madrid states that the Regent, Serrano, threatens to resign in case of further trouble arising between the Unionists and Progressists.

Railway Enterprises.

STILL THEY COME.

L'Original, Oct 21.

There was a large and enthusiastic meeting here to-day, to consider the propriety of proceeding with the construction of the Canada Central Railway, as the grant of land in aid of the road will only remain open for acceptance till next year. A number of speakers took part, among them Sheriff Treadwell, the Hon. John Hamilton, Mr. A. Hagar, M.P., Mr. James Boyd, M.P., Mr. T. C. Keefer, and Ald. Redden, of Montreal. It was resolved that, when the railroad is completed, the united counties of Prescott and Russell shall give a bonus of $200,000 towards the object.

CANADA PRESBYTERIAN SYNOD.—Mr. Wilson moved the dismissal from the bar during the Redpath case, and the case being referred to a committee, was reported upon unfavorably. A resolution was adopted with respect to the Ecumenical Council, recommending members of the Synod to take such measures as they deem best to disseminate information regarding the principles and character of the Church of Rome. It was also resolved with respect to the marriage law to ask for an amendment to hold the vender of licenses responsible for all legal consequences. The Synod was adjourned till the second Tuesday in May to meet at Ottawa.

DEBILITY.

Everyone at times feels the necessity of something to tone up the system depressed by mental or bodily exhaustion. At such times let every one, instead of taking alcoholic or medical stimulants, which afford only a temporary relief, reinvigorate his debilitated system by the natural tonic elements of the

PERUVIAN SYRUP,

or Protected Solution of the Protoxide of Iron, which vitalizes and enriches the blood by supplying it with its Life Element Iron.

Being free from alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, increasing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Wm. C. Sterling, Esq., of Poughkeepsie, N.Y., says: "I am taking the Peruvian Syrup. I feel better, my strength is improved, my bowels are regular, my appetite first rate.

There is an old Physician in this city (older than I am), used the Syrup for three months, and gives it as his decided opinion that it is the best Alterative Tonic Medicine he ever knew."

For Dyspepsia, Debility, and Female Weaknesses, the Peruvian Syrup is a specific. A 32 page pamphlet [illegible] sent to the [illegible]

Grace's Celebrated Salve.

From Mr. James Cuyler, of Amesbury Mass.

"I was ill cured with a severe felon on one of my fingers, and tried many remedies without relief. My family physician advised me to apply your Salve. I used about one box, and the felon was entirely cured. I can almost say that the Salve would take away the pain in effecting the cure, without having a cure. I unhesitatingly pronounce Grace's Salve superior to any and all so far as I am acquainted with. I do not doubt it will be appreciated wherever brought to the notice of the public.

"The most popular Monthly in the world."—New York Observer.

"We must refer in terms of eulogy to the high character of HARPER'S MAGAZINE, a monthly circulation of 200,000 copies—in whose pages are to be found some of the choicest and purest reading of the day. We speak of its work as an evidence of the culture of the American people; and the people have recognized it."—Albany Argus.

"We can account for its success only by the fact that it meets severally the popular demand for a living variety of pleasing and instructive reading for all."—Zion's Herald, Boston.
