WHY THE RAILWAY COMES TO KINGSTON. -The Madee Mercury gives a case in point, A farmer of the Township took a load of grain to Belleville a few days since, and offered 42 cents a bushet for it. Declining to take that price, he was told he could take it house and feed it to his hoge. Of course he brought it away. Being advised to take his load to Shannonville, there, notwithstanding te color, it was fairly inspected in open day, and without hesitation 80 cents was paid for it. Is it any wonder that North Hastings farmers cannot see the superiority of Belleville as a market?

OBBINATION.-The Lord Bishop of Ontario held an Ordination in St-George's Cathedral on Sunday last-Morning prayer was said at # o'clock. Ordination service commenced at eleven. From these reactions it is evident that Wine has been used in the manufacture of the 'Italian Wine Bitters ;" and that no whiskey-as this latter is usually sold (i.e., without high rectification), has been used in the manufacture.

The greater portion of the alcohol found, certainly belonged to Wine present in the Bitters, and not to whiskey. (Signed) THOS. ANTICELL, M.D., Chief Chemist U. S. Dept. Agriculture.
