Much Discussion About a New Fire Hall-Halls Required-Motions Showered on | since May lst. . . .

The uptown fire hall will probably not can be secured at a price satisfactory The discussion last night was sultory. It was nine o'clock when light was brought down. It was road and then considered clause by clause. clause, that a fire hall at a cost of about two fire halls were necessary in the city. For an hour the needs of the city in an animated way. There was a general ondemnation of the present hall. It was Pell favored two halls; that the city could present hall, for some time at least. The performance was put on in an excellent report of the committee had been sent to the were carried out the city would be graded

the highest scale. The council was anxious, therefore, to adhere to the prin ples of the report. Ald. C. Robinson led the attack against the present fire hall." It should be sold and the money used in putting stations in various parts of the city. They could build now for the next fifty or one hundred years proper localities were secured. He wanted halls in Victoria ward and in the lot er pay of Frontenac ward. Then a hose near the Bay of Quinte house would mer the needs of the centre. Alds Gaskin, W Robinson and Machar all denounced location of the present hall Alds. McCam mon and Fenwick strove for two halls, and they favored a new one on Colborne stree Ald, C. Robinson claimed the location was wrong, but Ald McCammon said he was not elected two or three times on

C. Robinson had been. get up your Irish!" Machar was out with a motion have one fire station to be located in a cen tral part of the city to be hereafter deter This motion was ruled out of order. and Ald. W. Robinson brought down one that the present fire hall be sold and proceeds devoted to the purposes of build a hall or halls, and that the report be re ferred back to the committee to re-arrange This was defeated and then Ald. McIntyr was out with a scheme. He moved that two additional fire halls or stations are r quisite to protect the city effectively agains' tire in view of its present and rapidly gro ing needs; that the old fire hall sho removed to a point at or near the Brook and Bagot streets ; that one of additional halls should be placed at a point central to Rideau and Victoria wards, and

strength of getting a new fire ball as Ald.

wards; that at present it is advisable erect only one, and that one at a point central to Rideau and Victoria wards. Ald, McIntyre pulled down his binocular plateaus of the city were filled with happy Brannigan's farm was crowded with work | ton andience. simply decide for to day but for the genera tions that were to follow. He grew so elo quent and extended in his remarks that time was called. Then Ald.
