### the Lacrosse Players' Visit to England.

. (Gasette.) A few weeks ago we published some particulars respecting, the proposed visit to England of Canadian Lacrosse-players. all the arrangements have been completed, and it has been decided that the Lacrosse team-selected from the Montreal Lacrosse Club and the Caughnawaga Inhans-will start for the old country on the 21st of this month.

Lacrosse is the national game of Canada, as cricket is of England, and base ball of the United States. It is a game which every Canadian has reason to be proud-a game which our players have taught to Englishmen and Americans, and which the latter have been delighted to learn. Among manly games lacrosse now occupies a high rank in Great Britain, and door sports in that country as a gift from Canada. And it is the desire of our trans-atlantic kinsmen to show their appreciation of this gift and to do honor to the givers, that the visit which has been planned is owing. For it is on the invitation of the Thames Hare and Hounds and Lacrosse Chib of London, composed of the clite of "Young England," as well as at the solicitation of leading Canadians -Sir John Rose and others-and many lives of so many youths, and enjoined the of the British nobility, that the determin
