PAST AND PRESENT.

This age is wise with wisdom slowly culled, And men, grown bold like well trained hun-From drag to crag of trath, with sight undulled.

But when our fathers trod the level plains, The stars shone brightly in the gentle streams The rainbow arched above the summer rains, " And sleep brought happy dreams.

O'er precipices steep.

The world is rolling swift and far away From morning mists and early morning light And in the fullness of the middle day No shadows meet the sight. But reaching from that soft and shifting sky

Of early dawn a radiant pathway shone, And angels in the morning ventured nigh, Who in the noon are goned With her eyes upturned and dying. Loving ones walked up and kissed her

Then she said to mother sighing.

"Give my 'tilter' to my sister."

When I'm ready, send me off in

I'm back, write on the coffin, 'Lived and died in latest fashion.' "

"Splendid atyle, and put my sash on;

Confessions of a Vagrant. (London Times, 16th July.) Charity Organization Society's Reporter prints the following letter, which week:- "Sherborne Union Workhouse, | April 19, 1875.—Honoured Sir,-I duly it does not pan ler to depraved tastes. received your note of the 15th inst., to perverted passions, or idle curiosity, but which I now reply. I commence with treats in a chaste and thorough manner must tell you that I never engaged in the been a tool in the hands of others. first time it was in Yarmouth. A quack t who was lodging at the same 'ken' with me asked me if I was willing to earn comple of shillings easily. I replied in the affirmative. This was to come into the market-place in the afternoon, while nimself was expanating on the virtues of his infallible medicines, and purchase half-a-dozen boxes of the pills, saying that myself and others has derived mense benefit from their use, and that, at Buffalo, N. Y., without delay. for the future, I was resolved never to l and so well pleased the modern Æscula t was law thus protecting the public and ourselves My duty was to | colds, and diseases as the throat, lungs and ellect sepredicties and I now solemn- chest will always prevail. Cruel consumption y dictare that I got them ready made will claim its victims. These diseases, if at-Those from the sheepfold had to be con Cherry. stoera dy reduced in size, after which

AN UGLY MAN WANTED .- It is proposed by a number of ladies to hold a voting party and offer a prize to the ugliest man in Almonte. Since this has become known every man is brushing himself up as smart looking as possible, and putting on his most affecting smile, lest he should be the chosen one. The ladies paid a visit to this office in their search for an ugly subject but went away disgusted as our good looks, and have since decided to offer another prize to the best looking man in town, but it will be a one sided

its accompanying high spirits are larger elements of happiness than any other things whatever, the teaching how to maintain them, is a teaching that violas to no other whatever' Ta's is sound sentiment, and one great of he present age is the popularization of Physlological, Hygienic, and Me 'cal science. No subject is more practical, - none comes nearer home to svery man and than this. 'The People's Common Senso Medical Adviser, in Plain English, or. Medicine Simplified by R. V. Pierce, M.D., is a book well encedated to supply a manfest want, and " prove eminoatly useful to the masses. If contains about nine hundred pages, is illustrated with over two hundred and Lity ".d-cuts and fine colored places; is printed on good paper, and well bound. It is a complete compendium of anatomical, physiological, hygienic and medical science, and embodies the atest discoveries and improvements in each departmen. It has been the author's sim to make the work instructive to the masses, and bence to use of technical terms has been so far as possible, avoided, and every subject brought within the easy comprehension An elevated moral tone pervades the entire book. While it freely dis cusses, in a scientific manner, the origin, reproduction, and development of man, of all those delicate physiological subjects, a proper knowledge of which quaints us with the means for preserving health, and furnishes incentives to a higher and nobler life. The author, when is also the publisher of the work anticipating a very large sale for it, has issued twenty thousand copies for the first edition, and is thus enabled to offer post-paid) at one dollar and fifty cents per copy, -a price less than the actual cost of so large a book, if published in ordinary-sized editions.
