REPORT.

Kingston, 7th June, 1875.

To the Worshipful the Mayor and the Council of the City of Kingston. We, the undersigned Auditors, have made a minute and careful examination of the Books and Accounts of the city, and now lay before you the following report:

The various Books in the respective, Departments, of the City Clerk, Chamberlain and Colector of Taxes, we have found uniformly correct, and carefully kept. The Tax Rolls prepared by the City Clerk we compared with the Assessors, Rolls, and found The Chamberlain's Books have been carefully examined, and found correct, and from which have prepared in duplicate the accompanying usual Financial Statements. No 1-Showing Sources of Revenue and Ordinary Expenditure for the year 1874.

No. 2-Detailed Statement of Receipts and Disbursements for the year 18.4. No. 3. Balance Sheet showing the Assets and Liabilities of the City on the 31st December, 1874, No. 4-Statement of Assessed Taxes for 1872.

We have also examined the Books of the Police Magistrate referring to fines imposed in the

Police Court, and fing that all such have been duly collected and paid over to the Chamber ain.

Amounts appear from year to year to the debt of persons, which it is very improbable will ever be paid. We, therefore, respectfully suggest that they be written off the City Books. We also present the following Statement of the affairs of the Ringston and Phillipsville Road No. 1-Balance Sheet for 1874. No. 2-Statement of Revenue and Expenditure. No. 3-Statement of Treasurer's Receipts and Disbursements, which we have audited and

No 7-Abstract of No. 2.

No. 8-Abstract of No. 3.

In addition we have audited the Books of the Collegiate Institute and those of the Public School Board, and found them perfectly correct. All of which we respectfully submit for the consideration of the Council. JOHN MORGAN, Auditors.

ABSTRACT STATEMENT, showing the sources and amount of the Revenue and Ordinary Expenditure of the City of Kingston for the year ending on the 31st of December, 1874 :-
