The dangerous place was on slow popular boats, where the engineer drowsed around and allowed chips to get into the "doctor" and shut off the water supply from the so clock precisely.

In the 'flush times' of steamboating, a

race between two notoriously fleet steamers was an event of much importance. The date was set for it several weeks in advance, and from the time forward, the whole Mississippi valley was in a state of consuming excitement. Politics and the weather were dropped, and people an Act to incorporate the "Kingston talked only of the coming race.
