Secretary Bristow in reducing the draw back on refined sugars exported which have already paid a duty as raw sugars and twenty one cents per one hundred pounds, was the subject of general discussion among refiners of this city yesterday and considerable indignation was expressed. A meeting of the committee appointed by the retiners on Thursday was held yesterday and it was decided to of the country to be held in this city such action as may be thought necessary to protect their interests. A careful investigation of the matter by a competent promised to appoint, will, it is claimed. show that no reduction ought to be made, and that the reduction in the amount retained by the Government to duties from ten to eleven per cent. which was made last March, does not give American refiners any undue adwantage over their foreign competitors, but that it has only operated to stimula American trade until it is beginning assume a more healthy condition.
