THE REASON WHY

Consumption is not merely a disease of the lungs, at so generally supposed, but before the lungs become affected the blood has-from various causes-been crowded with the bacillus of Consumption. These germs are deposited in the lungs by the blood, causing inflamation, coughing and the spitting up of diseased mucopurulent matter. Shiloh's Cure arrests the ravages of the germs by destroying them—it purifies the blood and enriches it—allays the inflamation and irritation and sets up a healing process, which causes the sore parts to get well and cicatrize. Shiloh's Consumption Cure strengthens and tones up the whole system and makes it particularly repellent to the dreaded germs of Consumption.

It is guaranteed to accomplish this. If dissatisfied when % of a bottle has been used, return the remaining portion and the whole purchase money will be refunded.
