The leading reviews devote the most prominent space in black-bordered colwork and death of the queen. The Spectator examining the reason of her hold upon a people, not given to veneration, says it believes it was because the nation really understood her. After watch ing her for nearly seventy years, he character stood revealed in all its perfect simplicity and sincerity. It quotes John Bright's verdict that she was the most truthful human being he had ever encountered. The Spectator's chief article urges the nation to brace up. deprecates the perfectly explicable dread and half superstitious feeling behind the real sorrow that Great Britain has come to the end of a glorious epoch, that she has reached the zenith, and that the nation must now begin to decline. It grants that the pessimist has a strong case. It refers to South Af- | Will, Have "Lone Voyager" Anrica, and the practically bitter hatred of England abroad and to the degeneracy, sloth and luxury at home. It urges the example of the queen's serenity, equanimity, dutifulness and courage as the remedy for the evils and at the same time those characteristics will be the most fitting monument to her memory. The Saturday Review places stress on "the subtle, strong influence of sex," New York, Jan. 26.-Business picked and says that it has been insufficiently up at many of the theatres this week, i noticed, "that it was upon her female but it has a not been necessary to put subjects that the influence of the queen chairs in the aisles or to request the was most potent and most beneficial.'
