CUSSED LAST NIGHT.

If God is Imminent, Where Does Responsibility Come In?-Rev. Dr. Lyle, Dr. Knight and every year in the United State Dr. Clarke Read Papers.

"Life, Organism and Environment" the need of the church being in touch with the past and present; the change-less church is the doomed church. Life Shiloh's has become very complex, and the church should recognize that what was Consumptio good or sufficient in the past will not answer in the present. The church which realizes this is the true apostolic Cure church. Let us learn from the past all ent immigration policy is a good one for that the past has to teach us, but let us labor in the present, Instead of night. worshipping the dead bones of saints, let us grasp the hands of those around us, and lead them from lower to higher. Dr. Knight opened the discussion, and briefly treated the subject from a scientific point of view. He could not reconcile the doctrine of the imminence of God in man, with the seeningly antagonistic doctrine that God must also be imminent in the evil as well as in the

Dr. C. K. Clarke also spoke on responsibility, making reference chiefly to lunatics and criminals. Where scientific And kindred ailments, take wings be men would take months to decide upor

good. Where would responsibility come

pal Grant, on the other hand, was very optimistic; he found no trouble in offering an explanation. Dr. Lyle closed the discussion, referring to the vexed ques-This is the first time that a scientific
