IT WORKS IN BELGIUM SINCE INTRODUCED.

Awakens a Healthy Political All Present At Wedding Join in Activity - Allays Electoral Rancour-Does Not Disintegrate Parties.

Toronto, Feb. 11.-(To the Editor): From count d'Aviella's book, La Representation Proportionelle en Belgique, have selected the following extracts, translated from the original French The moment seems to have arrived for formulating the conclusions which are

made clear by the first application proportional representation to the legislative elections of Belgium.

The first has been to awaken political ife in numerous districts, where for a long time it had seemed to be extinknow why we guished, especially in Flemish provinces. In the heart of the two Flanders, notably at Anvers and even at Limbourg, liberal associations have been born or revived in localities most devot- jokingly accused another of having tak- knots an hour. To accomplish this a land, decied by acclamation, took the ed to the conservative Catholic party. At |en it, The reply was a blow in the steamer would have to be equipped with declarations. Members all present. the time of the earlier elections, in 1896 face which sent the oker flat on his engines of 110,000 horse-power, and even, Moved, Edward Briceland-W.G. Woodand 1898, the liberals abstained in many back, but he was on his feet in an in- if triple screws were used it would be man, and resolved, that the clerk redistricts from any serious struggle for stant and a crowd closed in to see what necessary to develop 37,000 horse-power quest the county treasurer for a staterepresentation in the chamber of deput the trouble was. The joker rushed into on each shaft. Yet such a boat could ment of the amount Wolfe Island has ties. As for the senate, the elections it, hitting whoever happened in reach. be built.
