NO NEED TO WORRY.

A Darky Philosopher Explains How to Live Eastly. A gentleman who has the management of a business that requires a targe number of negroes said to one of his empl

ees recently, "Sam, the colored people are a wonderful people, are they not?" It was dinner time, and Sam looked up from his tin dinner kettle and replied: Yes, sah. They can get long with less money and have more loading time than any people I know of. They are a heap better than white folks. They don't have anything to worry them. You know, boss, colored people get their enting for almost nothing, and, if they don't drink whisky, a little money goes a long way with them. If a colored man has friends around town, he can always get a good. dinner, a regular white man's dinner, for nothing. White folks don't object to Five cases of drunkenness at recent their cooks giving a colored man, his din-Montreal fire has been investigated. Two | ner occasionally, and if he has a few acciquaintances who cook he gets on very well in the eating line. Of course some cofored men have to 'keep house,' but that don't always prevent them from going around and don't make living cost much, because his old woman, if he has one, takes in washing or does other things to help along. And, boss, you know, colored men get along just as well

Yes, sah, the colored folks are a wonderful people. Anybody's clothes fits them. Your clothes will fit me. A color ed man with your clothes on and with his shoes blacked looks just as well as a white man with a new \$75 suit. He don't mind wearing any white man's clothes, never mind what his size is. They will fit or be will make them do so.

Then, boss, you know a colored man can sleep anywhere. He don't want a bed. He can lie right down here and sleep. This plank is good enough for smashing the cutter and causing the apples, 82 to 83 a bbl.; California na northwest reserves will be taught nurs. I don't know how it is in the herth of up

now that cost me a cent. "Yes, boss, colored people is the Lord's people. He takes care of them. If a colored man don't get along in the work better than a white man, it is his own. fault. The colored man, sah, is jest what you say of him, 'a wonderful man.' he works a little, he can sleep in the sunshine and almost wait for the victuals to come to him."

Though Not a Member of a Fraternal Organization. "See that man ahead of us?" inquired

a prominent. Washington physician of a

reporter as they were walking down I street. "Well, he has got the 'sign." A young man about 30 just ahead was pointed out by the physician. He appeared in average normal health, though slight in form. As he turned his head his eyes

were deep and sunken and his features ! drawn and pinched. "Watch him," continued the physician, "and see if you can detect the 'sign,' for he is a sufferer from paresis and all paretics have a 'sign' peculiar to each indi-City engineer Ruttan recommended to vidual. "Never will be vary this motion, and he will repeat this one 500 times a day. He will always do it when he thinks others are observing him, and, as we overtake and pass him, you will notice that he will at once detect my glance and will repeat

the sign again spasmodically. "Every paretic has a 'sign' different from every other victim of this peculiar and unusually fatal disease. With some it will be the mumbling in an undertone: or aloud of a certain word or phrase. Others will have a motion such as rubbing an ear, touching or tapping the face in one way or in one particular spot. Some will draw the nunscles of the face in an odd and distinguishable manner. while I knew of one paretic who would move the scalp backward and forward in a manner observable with monkeys. Whatever the 'sign' may be, it is concurrent with every case of paresis."

Those "Good Old Times."

Grant, if you think, that this is an age of shoddy, of popular intellectual superrank and tile of pessimists in prose and xerse may say to that effect. On the contrary it is a very desirable world, and this is the very best age that has ever come to the children of men. There has never been a time in human history when there was so much enterprise, knowledge,
