and yellows at \$3.60 to \$4.25 per 100 I thirty large steel cars built at Leeds

ed, but the adoption of the system by likely proclaimed to be in a state of the passengers is optional with them. The daily clean-up at the Deloro mines averages about \$1,000. The byproduction of arsenic averages about fifty tons per month, which sells from \$100 to \$108 per ton. The company is now running a twenty-stamp mi ate entourage is feared.

A peculiar feature about North Hastings gold is its richness. When sent to the United States mint it brings \$21 per ounce, which is several lars in advance of the price paid for the product of either the Klondyke or Cape Nome.

A Montreal Romance.

Montreal, Que., March 23 .- The services of the city detectives have been enlisted in a romantic and peculiar case. They are searching for Miss Marie Laurier, a teacher in one of the Beference - Winthrop National east end schools, and one of her male pupils a youth of fifteen, who disappeared several days ago. The teacher | He Calls on Montreal-The Eleva-W.N. LEMMON is only eighteen years of age, and her partiality for the missing scholar was noticed by other pupils. It is also noticed by other pupils. It is also now recalled that he was frequently "kept in" for trivial matters. The de- | honaire, accompanied by his wife. tectives think that the couple have arrived here this morning. He states fled to Rouse's Point or some other that he is here on business. Only a border town, where they have been few months ago the same party visit married.
