does wonders in a few applications. It rouses all the dormant energies, develops n and nerve life and restores the feeling of youth, courage and manhood. It is w weight in gold to every man whose strength and vitality are leaving him. It fills to with nerve force, warms the blood, stimulates the circulation and restores all the and physical energy wasted in earlier years. It is Nature's own remedy. It does it work while you sleep. It saturates the body with a current of electricity which can yet does not blister or burn as do other Belts which do not have my perfected regula special cushion electrodes. If you want a remedy which will cure you it seems wise to take the one that has cured others. That's a record as good as any bank can s have published thousands of testimonials from cured patients, and I will pay \$1,000 for evidence showing that I have ever used a testimonial which was not true and Any honest man who will secure me can have my Belt and

A STRANGE CASE

The Physician Wanted Mrs. Tompkins to go to the Hospital and Have Food Injected Into Her Bowels.

"It gives me great pleasure to send you my testi-monial and thank you for your valuable Ozone, which has been of such benefit to me. I had been a sufferer from dyspepsia for months, which developed into an ulcerated stomach. I could not eat or drink, as everything gave me such awful pain. The least bit of dry bread gave me as much pain as a big meal would. Finally I decided not to eat anything, and for five weeks I lived on milk and lime water. I was doctoring all this time, but the medicine did me no good. Finally the doctor gave me the last bottle and said I had better go into the hospital; that I ought not to swallow anything, and that in the hospital everything would be injected into my bowels. Then I would have a chance to get better. I did not feel like going there, but I went away into the country for four weeks. I then weighed ninety-five pounds. My nerves were so bad that I could not sleep at night. I came back as bad as ever, when I happened to see a testimonial from some person who had suffered something like myself, and who had been cured by the use of Powley's Liquified Ozone. I went to Hargreaves Bros., 162 Queen street west, and got a bottle. took it every two hours for two days, and then I took a little piece of bread, without feeling any pain. I took three bottles, after which I could est anything. I could sleep well, and am to-day in perfect health.

I can never express my thanks for all it did for me. After taking three bottles I weighed one hundred and nine pounds, having gained fourteen pounds." Trusting this will be of benefit to some other sufferer, I am, yours very truly. (Signed) Mrs. E. L. Tompkins, 18/ University avenue, Toronto.
