How to Detect and Prevent the Insidious Approach of This when the proper time comes will be drawn back into the church treasury; Destroyer of Mind and Body. Destroyer of Mind and Body.

Though apparently sudden and frequently unexpected, nervous prostration or exhaustion is in reality months in developing. and can almost always be prevented by one who is keen in detecting the symptoms. The one feature of nervous exhaustion which is universal and unmistakable is the loss of desire on the part of the patient to attend to the duties of the day. You let little things go unattended to. Work seems to be a burden to you. You put off till to-morrow many matters which should have your attention to-day. At the office, in the workroom, at home or in the store, you feel yourself unable for the task before you. This is the first symptom, and the certain one that your nerve force is becoming exhausted, and that nervous prostration, exhaustion, paralysis or insanity is threatening to ruin you-mind and body.

Following on this general feeling of depression comes an irritability of the mental faculties and brain-tire, loss of memory, inability to concentrate the thoughts, restlessness, fear and despondency. There are usually headache, dizzmess, palpitation of the heart, coldness of the hands and feet, chilliness, followed by flashes of heat and, in turn, by sweating. That nervous exhaustion may effect any organ of the body is illustrated by nervous dyspepsia, one of the most common ailments of the day. In women the result is most often felt in weakness and irregularities. Not infrequently patients complain of pressure on the head, pains in the back, disturbance in sleep and unpleasant dreams.

To be certain of curing nervous exhaustion, you must begin the treatment before prostration or collapse takes place. When the feelings of languor and depression make themselves felt it is time to commence using Dr. Chase's Nerve Food three times every day, for weeks, until you can feel the thrill of new life and new vital energy in every nerve. Nervous diseases are slow in coming on, and nothing but patient, persevering treatment can revitalize wasted and depleted nerve cells. If any preparation in this world will help you, you may depend on it that Dr. Chase's Nerve Food will. It contains in condensed pill form the most powerful restoratives to be found in the whole realm of nature, and, if taken regularly, can no more fail than can nature's own laws.

There is no remedy on this continent, the home of nervous diseases, F-Sciatic Nerve. C-Medulla Oblongata. that can compare with this famous prescription of Dr. A. W. Chase as a means of putting new, vigorous nerve force into weak, worn and exhausted bodies. Many cures which it has brought about are truly marvellous, as is certified by physicians and others. As a spring restorative, and as a means of building up the system when wasted by overwork or disease, this great food cure stands before the world unparalleled and unapproached. It is sold at 50 cents a box, six boxes for \$2.50, at all dealers, or sent by mail, postpaid, on receipt of price by Edmanson, Bates & Company, Toronto.

IN THE SENATE.

Quarantine is Critical.

product of poor or watery blood also indicate pool circulation, as the matter or

pus, as it is usually called, clogs up the circulation, causing the accumulation of this poisonous matter, which must be removed from the congested parts. At the same time the blood should be enriched and purified by the use of BURDOCK BLOOD BITTERS. The best proof we can give you is the testimony of others. Here are some; others will be supplied on application to the proprietors.

FLAT LANDS, Restigouche Co., N.B.

THE T. MILBURN Co., Toronto. Gentlemen,-A short time ago my blood got out of order so much that numerous boils appeared on my face and neck, and hearing Burnock Broon Britishly recommended as an excellent blood purifier, I decided to give it a trial. After using the first bottle the boils gradually started to disappear, and before I had taken the second bottle I was completely cured.

Yours truly, GEO. CALDWELL.

Centre, Ont.; "I have used two bottles of B. B. B. and find it a great remedy for boils. I used it two years

Have you Boils? If so, read the following fetter from Mr. William Thompson, of McNeill's Mills, P.E.L. THE T. MILBURN CO., Toronto.

Gentlemen, -- Some time ago my blood got out of order and before long I had boils breaking out all over me. They appeared on my legs, neck and arms, and were so painful that I could not possibly sleep at nights. I tried many remedies, but without any effect, until a friend a vised me to take Burpock Blood Bitters. Before I had quite used two bottles I was entirely cured, and I cannot honestly say too much in favor of B.B.B. as a purifier.

MISS MAUD SLATER, West LaHave MRS. G. MOORE of Hamilton says: Ferry, N.S.: "In the spring I was troubled with boils, one coming after for impure blood, boils and sores. anothers My blood was bad and I is a perfect cure for boils. I have B. B. B., but before taking many used it for twelve years in my family and cannot praise it too highly. bottles was completely cured."

since. - I can recommend it highly."
