BACK AFFER FORTY YEARS. Prostrated by Excessive Heat.

Men and Women Are Everywhere Falling Victims of Nervous Collapse, Paralysis, Insanity or Epilepsy-The Abnormal Heat a Terrible Strain on the System.

Seldom, if ever, has Canada been visited by such excessive and continuous heat, and the results certainly never proven so alarming. The work people in factories and workshops, the clerks in stores and offices, business and professional men, the farmer in the field, the woman at her housework, all are suffering, many are dying, unable to withstand the weakening, debilitating and enervating effect of such unusual

weather. What can be done to prevent prostration and collapse? Many have found an answer to this question in the use of Dr. Chase's Nerve Food, the great system build-

er and nerve restorative. It renews the wasted vitality in a surprising manner, keeps the action of the bodily organs regular and active and and fortifies the system against the attack of weakness and disease. Ishe Felt Tired and Listless.

Mrs. Henry Clarke, Port Hope, Ontario, states: "I have used seven boxes of Dr. Cuase's Nerve Food for nervousness and a completely run down system, and can heartily recommend it as a wonderfully effective treatment. Refore using this remedy I had been in very poor health for some I seemed to have no energy or ambition, felt tired and listless most of tim", and could scarcely drag myself about the house. I was weak, irritab and pervous, could not sleep well, and felt discouraged about my health. Dr. Chase's Norve Food has taken away these aymptoms and given back my usual health and vigor, consequently I endorse it fully."

CHASE'S NERVE THE GREAT RESTORATIVE.

Too many yield to the temptation to use stimulants when the body is tired and exhausted. The action of the heart is quickened, the tired nerves are whipped up to over-exertion, temporary relief is obtained, but the result is an excessive waste of nerve force and a hastening of fatal collapse. Dr. Chase's Nerve Food owes its success to the fact that it naturally and gradually restores wasted nerve force and to most of your readers that it would Rev. John Abbott is in jail in Louis down in Dr. Bernardo's health. It be builds up the system. It cannot possibly fail to be of benefit to any one who uses it only have been an act of common ville, Ky., and his pulpit in New. Al gan in March with a severe attack of because it actually forms new healthy tissues, makes the blood rich and pure, and rehave sent me a reply. However, it is because he left home with Mrs. Maud tion and heart-weakness. The physical boxes for \$2.50, at all dealers, or Edmanson, Bates & Co., Toronto.
