of a King's Messenger. dertaking. The first part of the journey far as the foot of the pass, where a transtraveler halted at the posting inn and and have dinner, the journey across the pass to be continued at nightfall, when Under these circumstances the king's

messenger and the other traveler naturally dined together and entered into friendly conversation, with the result that as offer of a place in the traveler's sleigh was gladly accepted by the former. At nightfall the journey across the pass was his hand a small dispatch bag containing his dispatches. The route wound up and up the mountain side, all being soon covfresh and high mettled and were urged at full speed by the driver. Suddenly, at a turn of the road, a man jumped out from had-refused to sell I in less time than it takes to tell the sleigh Saturday night the departing members guns to England on any terms, word | was rolling over and over in the snow, the half stunned messenger came to his senses, and when he did so the first thing which struck his astonished eyes was the sleigh tearing back down the pass at breakneck speed. No human being was to be seen beside him, his late companions and, worse still, his bag of dispatches, which had escaped from his grasp in No Nothing remained but to plod wearily beyond a through the snow back to the inn, where all that he could ascertain was that the strange traveler was unknown to the landlord and that he had returned by the way he had come with his own horses, explaining that there had been an accident. Neither the mysterious traveler nor the bag of dispatches was ever traced, nor has the full history of the adventure ever come to light up to the present day .- Quarterly Review.

Monkey and Mirror. I saw a performing monkey the other day. He went through many tricks very successfully. Toward the end of the performance he was ordered to put on his cocked hat before a hand mirror, which he did. He was next told to set it straight, and he tried on his general's headgear repeatedly at different angles. causing much laughter. When all was over and the organ man, his helpers and the two monkeys were preparing to depart, I saw that "the general" had possessed himself of the little mirror and was studying his own countenance with great delight! He had placed the glass on top of the barrel organ, and he bent over it again and again, grimacing energetically. He afterward picked up his greatest | mirror and contemplated himself earnestly and contentedly at different angles. His face had been profoundly sad, like the faces of most monkeys I have seen, f but now the wrinkles smoothed them-It selves out, and he nearly smiled .- London

He Lost the Hole.

Ed Tufts of Los Angeles was playing golf with a friend. When he drove from the third teeing ground, he sliced the ball badly and sent it away to one side. It stopped in front of a grazing cow, and Tufts came up just in time to see it disopponent had made his stroke, Tufts untethered the cow and, with many sounding thwacks of his club, drove the beast to the third hole. There he made her disgorge the ball and, neatly holing it, announced that he had made the hole in two strokes. His opponent calmly finished the hole in seven and claimed the

"But I made it in two," protested Tufts

"No, you didn't," declared the other. "You made it in 39. You hit that cow 37 times, for I counted every stroke," and Tufts conceded the hole.-San Francisco
