One of Pittsburg's Most Estimable Business Men Certifies to the Wonderful Efficacy of Cuticura.

I was a sufferer for eight years from that most distressing of all diseases, I tried some of the best physicians in the country, but they did me little good. The palms of my hands were covered, and would become inflamed; little white blisters at first would appear, then they would peel off, leaving a red, smooth surface which would burn like fire, and itch; well, there is no name for it. On the inside of the upper part of both my limbs, great red blotches, not unlike hives, would appear, and as soon as I became warm, the burning and itching would begin. Night after night I would lie awake all night and scratch and almost go wild. I got a box of CUTICURA Ointment, a bottle of CUTICURA RESOLVENT, and gave them a thorough trial, and after a few applications I noticed the redness and inflammation disappear; before I had

used one box there was not a sign of Eczema left. I can truthfully assert that \$2.00 worth of CUTICURA REMEDIES cured me. J. D. PORTE, 428 4th Ave., Pittsburg, Pa.
