After making further arrangements in regard to a temperance recitation and musical medal contest, to . The whole world knows his name.

TEMPERANCE ACITATORS. A PERMANENT CURE OF RHEUMATISM.

Burdock Blood Bitters cured Mr. Angus McLean, of Toronto, of a severe attack over 11 years ago, and he has not had a twinge since.

Rheumatism, as most people know, is due to uric acid and other impurities circulating in the blood. It cannot be cured perfectly and permanently unless every particle of foreign and impure matter is completely removed from the system.

There is no other remedy can do this like Burdock Blood Bitters. Other medicines at best give only temporary relief, but B.B.B. CURES TO STAY CURED.

Read the experience of Mr. Angus McLean, 113 University St., Toronto, Ont., with B.B.B., and you will be convinced of its wonderful power over the severest diseases:

About eleven years ago I suffered from a severe attack of rheumatism. It started in my right shoulder, then passed to my left shoulder, then travelled to both my knees. For six or seven weeks I was practically a helpless invalid. I could move neither arms nor legs without suffering most terrible agony. If a door was shut the jar seemed to go through me like a knife. I had a doctor attending who gave something to ease the pain, but nothing that cured. I applied poultices, fly blisters, mustard plasters, painted on iodine till

internally, but nothing seemed to be of any avail to cure me. About this time I heard of some wonderful cures Burdock Blood Bitters was making and thought I would give it a trial. After taking it about ten days or two weeks I could feel a change for the better coming

I was blistered, and rubbed with turpentine, besides taking many remedies

over me, and by the time I had taken four bottles I was completely cured. I consider that Burdock Blood Bitters saved me from being a physical wreck and effected a cure that nothing else could do. During all these eleven years, although I have worked hard and been exposed to wet a good deal, I have never been bothered with rheumatism, nor have I had any signs of the disease returning. I believe B.B.B. is the most wonderful medicine of the day, and I feel confident if it could cure a case as bad as mine, and cure so effectually and permanently that the trouble has never come back on me to this day, it ought to cure any other disease arising from lmpurities in the blood.

HEAVEN.

Life changes all our thoughts of heaven; At first we think of streets of gold. And gates of pearl and dazzling light, Of shining wings and robes of white, And things all strange to mortal sight But in the afterward of years It is a more familiar place, A home unhurt by sighs or tears, Where waiteth many a well-known face.

With passing months it comes more grows more real day by day, Not strange or cold, but very dear-The glad home land not far away, where none are sick, or poor, or lone, The place where we shall find our own And as we think of all we knew Who there have met to part no more, With all the strife and trouble o'er.
