This striking photograph represents the three-year-old son of Mrs. Joss. Potter of 394 South First Street, Brooklyn, N. Y., who says, under date of Sept. 23, 1899, regarding his cure of a disfiguring face humor: My baby's face was covered with ringworms. We could not lay a pin between the sores on his face and neck, and he was a sight to look at. Two doctors attended him for three weeks, without success, when I heard of Cuticura. I got a box of Cuticura Soap, and a box of Cuticura Ointment. I only applied them three days, when I could see his face was better, and in four wasks he was cured. His face is as clear as a bell, and not a mark on it.
