RECOMMENDED BY THE LIBERAL MINDED DOCTOR AND TRAINED NURSES.

Weak and depressed expresses the condition of thousands of people at this season. It is one of nature's signs that humanity cannot undergo months of indoor life in badly ventilated buildings with impunity.

Breathing daily the poisonous gases arising from impure air, your blood has become poor and watery, your nerves unstrung, your appetite fickle. The least exercise tires you and you feel depressed and "out of sorts."

Do not use a purgative in the hope that it will put you right. Any doctor will tell you that purgatives weaken; that they impair the action of the liver and create chronic constipation—the bane of millions of lives. What is needed is a tonic to help nature fight your battle for health. There is only one always reliable tonic and that is

## Dr. Williams' Pink Pills for Pale People

These pills have no purgative action. They make rich, red blood, build up tired and jaded nerves, and make weak, depressed, tired people bright, active and strong.

But you must get the genuine Dr. Williams' Pink Pills for Pale People. Other so-called tonics are but imitations of this great medicine.

### WEAK AND DEPRESSED.

Mr. Austin Fancy, who lives at Baker Settlement, N. S., says: "During the last winter, owing to close confinement and hard work, my blood became impure. I was very much reduced in flesh, and had severe pains in the muscles all over my body. I felt tired and depressed all the time; I had no appetite and was frequently so low spirited that I did not care whether I lived or died. Necessity compelled me to undertake a little work in my blacksmith shop, but I was not fit for it, and after doing a job would have to lie down-indeed I often felt like fainting. I was advised to try Dr. Williams' Pink Pills, and after using a couple of boxes felt a decided relief The pains began to abate, my appetite improved, and day by day I grew stronger. I used six boxes in all, and before I finished them I was able to do as hard a day's work at the forge as ever I had done in my life. Those who are not well will make no mistake in looking for health through the medium of Dr. Williams' Pink Pills for Pale People."
