By John H. Mills,

Important Auction Sale of Valuable Brick Residence.

I HAVE RECEIVED INSTRUCTIONS to sell by auction on SATURDAY, APRIL 28th, at my rooms, 76 Brock street, at 12 o'clock noon, that valuable brick residence, No. 404 Brock street, next to corner of University avenue, and owned by A. McCutcheon. The house, which is brick, is in good repair, has large drawing and dining-room, three bed-rooms, bath-room, kitchen, pantry, hot air furnace, cement floor in cellar, large hall, etc. The house and lot have a frontage of 38 feet by a depth of 107 feet, with large lawn and right of way of University avenue. This is the best locality in the city for a private residence, and will be a fine chance at a great sacrifice. Further particulars from the auctioneer.

JOHN H. MILLS, Auctioneer.

Superior Sugar Cured Boiled Ham

25c. lb.

Our boiled hams are in great demand. We are assured by many that they are the best they ever bought. Is it not handy for you to be able to get delicious ham boiled to a nicety, thereby saving the trouble of boiling and knowing at the same time that 25c. for boiled ham is only equal to 12½ which you have to pay by the pound for an uncooked ham.

H. P. SMITH, Architect. Anchor Building, Market Square.

TO-LET.

HOUSE NO. 261 UNIVERSITY AVE. latest improvements, hot and cold water. Possession 1st May. Rent moderate. Apply to R. NESBIT, 347 Johnston street.

PRAISE FOR A CANADIAN.

Col. Kekewich's Staff Officer Who Planned Kimberley's Defences.

Ottawa, April 23.—Capt. W. M. Jones, at present in the city for a few days previous to his return to Openican (Lake Temiscamingue), is in receipt of a letter from Col. Kekewich, the commandant at Kimberley during the siege. Capt. Jones made his acquaintance while on the Nile, during the Egyptian campaign for the relief of Gordon. An extract from Col. Kekewich's letter reads as follows:

"How well Canada has done. I had a dear little chap with me, McInnes, Royal Engineers (a Canadian, from the Royal military college) quite the best of the best. He worked out all the defence works of Kimberley and was my staff officer during most of the siege, and wherever he went inspired confidence. I can never forget how much I owe to him. The Canadians have been doing grandly everywhere, and I expect we shall hear more of them before the war is over."

The colonel had been on the sick list for a while, but was returning to the front; when the letter was written (March 18th) and he expressed a hope of being in the forward movement when it took place.

The Trade Winds

Blow strong since Nerviline is in the market. Nerviline is the great nerve-pain cure. Its penetrating and pain-subduing power is such that relief is almost instantaneous. Try it and be convinced.

FIGHTING IS RESUMED

British Captured The Most Important Hills.

STEYN'S PROCLAMATION.

WILL SHOOT THOSE FAILING TO TAKE UP ARMS.

Foreign Intervention is the Hope of the Boers—Fighting Still Proceeding About Wepener—Better Weather Conditions Prevailing—Troops and Horses in Fine Condition.

London, April 23.—Fighting is proceeding south and east of Wepener, while the bombardment of the British garrison at that place continues with renewed vigor. Gen. Rundle's column is gradually pressing its way east against a stubborn resistance by the Boers, who hold strong positions. Gen. Brabant advancing from the south, is now at Posman's Kop. His advance guard is in touch with the Boers about fifteen miles south of Wepener.

President Steyn has issued a proclamation urging the burghers to maintain their struggle against the British until the report of the Boer peace commissioners arrives from Europe. He says that this will be only a short time, and then foreign intervention will be certain.

The Daily Telegraph prints a despatch dated Boshof, Orange Free State, saying that the weather now is perfect and that the British troops and horses are in fine condition.

A copy of a proclamation recently issued by president Steyn has been received in Boshof. It declares that the Free State Boers who fail to take up arms will have their property confiscated, and they themselves will be shot when they are captured. The proclamation has created consternation among the burghers.

Better Weather Conditions.

Morlogs Poort, O.F.S., April 19, (8 p.m.)—The eighth army division commanded by Gen. Sir Henry Rundle, is now east of Reddersburg. The camp of the division is beautifully situated. For five days past the rain fell in torrents, flooding the country, and making the roads almost impassable for the cavalry and artillery. The infantry also had great difficulty in getting through the quagmires into which part of the country was converted. To-day, however, the weather condition have improved, and the drowned lands are getting rid of the water.

British Hold The Hill.

Makkerstroom, O.F.S., April 20.—There was a smart engagement yesterday between the British troops and the Boers. The British imperial yeomanry and Col. Stilwell's mounted infantry were the principal troops engaged, and they behaved splendidly. They located the Boers on the heights near Dewetsdorp, and seized the most important hill, which Gen. Brabazon's troops held stubbornly from eleven o'clock in the morning until four in the afternoon, when they were re-inforced by infantry and three batteries of artillery. The British infantry hold the hill to-night, (Friday).

Makkerstroom, O. F. S., April 21, (10 p.m.)—There is no change in the position here to-day. Desultory firing is being kept up by the artillery. Gen. Brabazon has made a successful reconnaissance, sustaining a few casualties. He caused some excitement among the Boers by getting in the rear of their lager.

Very Active Again.

Durban, April 23.—Lieut.-Gen. Sir Charles Warren has arrived here from the front and has booked passage to East London. It is stated that he is going to the Orange Free State, where he will be given an important civil appointment, probably, the governorship.

During the last few days there has been a renewal of Boer activity in all parts of the theatre of war. The tenacity of the enemy around Col. Dalgety proves that considerable forces are still there. Lord Roberts has advised lord Methuen to retire from Boshof, probably for the same reason. The presence of a Boer force at Frankfort looks like an intention to endeavor to cut off Methuen, who may next be heard of as retiring upon Kimberley.

The Boer Strength.

London, April 23.—A despatch to the Times from Lorenzo Marques says that information from responsible sources is to the effect that the Boers, who at one time had 105,000 men in the field, including the colonial rebels, still muster 80,000. Fifty thousand armed burghers are in the Orange Free State, 10,000 in the Biggarsberg district and 15,000 at Fourteen Streams and Klocksdorp.

Roberts' Message.

London, April 22.—The war office has received the following despatch from lord Roberts:

"Bloemfontein, April 21.—Rundle's division came in contact with the enemy yesterday, four miles south of Dewetsdorp, occupying a strong position covering the town. The yeomanry and mounted infantry seized another position, thus enabling Rundle to drive off the enemy and occupy their high ground.

"Rundle advanced this morning early and is now again fighting.

"Our casualties yesterday were two men severely and one officer and seven men slightly wounded.

"Gen. Brabant's forces are on the plain and have fairly open country all the way to Wepener.

"Col. Dalgety heliographs: 'All well. Boers fired 300 shells yesterday without doing much damage.'"

Advance Of Boers.

Elandslaagte, April 22.—A commando of 10,000 Boers came through Wessel's Nek Friday morning. They crossed Sunday bridge and advanced to the crest of a ridge, but fell back when they saw the mounted infantry, who opened fire. Later the Boers shelled Elandslaagte colliery but did no damage.

The British guns opened fire. The naval brigade on the right sent a few shells in the direction of the Boer guns which were posted on a long ridge 4,000 yards to the right of the bridge. They were difficult to locate, but the Boers were seen retreating over the hill towards Wessel's Nek. Late in the day the Boers showed activity in the trenches on the ridges in front of Elandslaagte. A few 4.07 shells forced them to relinquish their works.

Made A Discovery.

Kroonstadt, O. F. S., April 20, via Lorenzo Marques, April 21.—When the federal troops captured the British convoy at Sannas post (Karee Siding) they found an official volume issued by the British government. The authors of the book were Majs. Alborn and Remington, of the intelligence department. The book, which was issued in 1896, proposed plans for the conquest of the two republics.

The Irish brigade paraded this morning in front of president Kruger's house, and the president made a speech to them.

Has He Been Killed?

London, April 23.—A despatch to the Daily News from Lorenzo Marques says it is reported there that Gen. Dewet, the Boer commander, has been killed. The despatch adds that the members of the Irish ambulance corps with the Boers have decided to fight against the British. Similar decision has been reached by all the ambulance corps from continental Europe.

Captured Prisoners.

Pretoria, April 21. President Kruger has received, through president Steyn, an official report sent by Gen. Dewet under the date of April 20th, to the effect that the latter still surrounds Gen. Brabant's colonials at Wepener, and that he has captured eleven prisoners, including the chief artillery officer.

Could Not Turn Them.

Makkerstroom, Sunday, April 22, (evening).—After yesterday's shelling it was expected that the Boers would open again, but Col. Brabazon, with the yeomanry, made a thorough cut to the left. The Boers endeavored to turn the British right, but the movement was detected by the yeomanry and mounted infantry, and the guns opened fire and drove them off, greatly extending the position. None of the Boer guns were in action. There were no British casualties. Many of the Boers are moving southward.

THE CANADIANS MOVED.

Are Now At Springfontein—Sergt. Beattie's Death.

Toronto, April 23.—The Globe to-day publishes the following special from its correspondent with the first contingent:

"Bloemfontein, April 21.—The Canadians moved this afternoon to Springfield, six miles to the east of this place. Sergt. Beattie died on the 14th. John A. Ewan has arrived here."

Referring to the above despatch the Globe says: "Mr. Hamilton's second reference to the death of Sergt. Beattie is the result of an inquiry addressed him by the Globe. In view of the fact that Lieut.-Col. Otter has not reported the death of Sergt. Beattie, officially, and recognizing the possibility of error in the transmission of a cable message over nearly ten thousand miles of wire, the Globe sought to relieve the painful anxiety of Sergt. Beattie's family and of his numerous friends, who have hoped against hope, in the absence of an official confirmation, that Mr. Hamilton's message might have been inaccurate. We regret to say that his confirmation of his first message leaves no doubt what ever of its truth. We may add that the Globe's message of inquiry was filed on Thursday at 10 p.m., and the reply was received on Saturday at 9 p.m.

"Mr. Hamilton's reference to Mr. Ewan in his cable despatch shows that the second contingent, which Mr. Ewan accompanied in the interests of the Globe, has arrived at Bloemfontein and is another indication that the movement towards Pretoria is about to begin, if it has not, in fact, already commenced."

Cissie Loftus Had Narrow Escape.

Newport News, Va., April 23.—Cissie Loftus, the English music hall singer resting at Old Point, had a narrow escape from drowning. While walking on the pier she suffered an attack of vertigo, to which she is subject. She was standing over the string piece when the attack came upon her, and falling, she rolled overboard. Coxswain Delem, of the United States training ship Monongahela, an eye witness, leaped into the water and effected a rescue, bringing the lady safely ashore in his arms.

Mr. Evanturel To Go To Paris.

Toronto, April 23.—Speaker Evanturel, of the Ontario legislature, will leave Montreal for Europe on May 12th to represent Ontario at the Paris exhibition. The order-in-council appointing Mr. Evanturel as representative at the French capital for this province, has to be ratified by the dominion government, and his name will be added to the list of Canadian commissioners at Paris.

To Enter Into Negotiations.

Constantinople, April 23.—The sultan has yielded to the pressure of the powers, and will not insist upon raising the customs duties arbitrarily. He will enter into negotiations in the "orthodox manner."

Reviewed By Queen.

Dublin, April 23.—The queen reviewed 10,000 troops under the command of duke of Connaught Saturday. The weather was beautiful and her majesty watched the soldiers go by for two hours.

The liberal editors of Western Canada held a meeting yesterday and elected Walter Scott, Winnipeg, as president. It is supposed that the organization is of a political nature.

Mrs. R. Macpherson's rare China furniture, etc., will be open for inspection from 3 to 5 o'clock Tuesday.

DYNAMITE WAS USED.

But The Damage Was Not Very Serious.

NAVIGATION NOT STOPPED.

CANAL WILL BE READY FOR THE OPENING.

The Charges Were so Placed That the Full Force Could Not be Expended—The Men Who Made the Attempt Run Down at Niagara Falls.

St. Catharines, April 23.—This vicinity was thrown into a high state of excitement on Saturday evening when it became known that an unsuccessful attempt had been made to blow up one of the locks of the new Welland canal at Thorold. Two parcels of dynamite were exploded by strangers, one at each of the heel path gates of lock twenty-four, but as the charges had been tied close to the wall, very little damage was done except to shatter the iron work and puncture the gate with a hole about a foot in diameter. It is thought the gates can be repaired in time for the opening of navigation and new gates will not be required.

Late Saturday evening the three men who made the attempt were arrested at Niagara Falls, Ont. The prisoners are John Walsh, Washington, D.C., aged twenty-eight, small sized, clean shaved; John Nolin, Philadelphia, aged fifty, tall, stout, weight 215 pounds; Karl Dullman, aged thirty, stout set, well dressed, evidently the leader of the gang.

The district round about is greatly excited at the daring attempt, and all kinds of rumors are flying around as to the object of destroying the canal, some placing it to opposition to the Conners syndicate, others to the grain shovellers' trouble in Buffalo, and, again, to Boer sympathizers from across the river. The majority of people, however, claim it is in connection with the grain shovellers' trouble and a desire to prevent the grain that would otherwise go to Buffalo from coming through the canal and down the St. Lawrence route. All is mere conjecture, but may be brought out at the trial of the men.

Nowise Connected.

Buffalo, N.Y., April 23.—President P. J. McMahon, of the international longshoremen's union, was asked this morning if there was any foundation for the rumor that Buffalo grain shovellers blew up the lock at Thorold to prevent the diversion of grain from the port of Buffalo.

"There is absolutely no truth in the story," said he. "I cannot imagine where the rumor started. The person who originated it ought to have known it was false. Our men have enough to think of at home just now, and besides, they are not dynamiters; they are orderly, law-abiding, industrious workmen.

"Not one member of the union has been away anything like the length of time these men are said to have been at Niagara Falls. Make it plain to the people across the border that our grain shovellers of Buffalo were in no way connected with the affair at Thorold."

Capers of Cyclone.

Bay of Islands, Nfld., April 23.—The Reid's express train, which passed here in charge of conductor Duff, engineer McDonald, was blown off the track at three o'clock in the morning during a northeasterly hurricane. The place of disaster was Bear Cove pond, about fourteen miles east of Port au Basques.

The wind completely overturned the cars, five in number, and the tender of the engine. The sleeper, colonist, dinner, mail and express, and a combination car were destroyed by fire or rendered useless.

The passengers, about sixty, came through without sustaining injury. The baggage and mails were saved with the exception of one bag of letters from Ray stations. The loss of the rolling stock to Messrs. Reid will be a keen blow, as it must necessarily be many weeks before the cars can be replaced.

A Serious Fire.

Oshawa, Ont., April 23.—The fine premises of the Schofield woollen mills were partially destroyed by fire yesterday morning. The fire broke out about five o'clock, and being unnoticed for some time, made good headway before the fire department arrived. The north and south sections of the main buildings were saved on account of being separated from the centre section by dead walls. The centre section which contained the office, tower, and many expensive machines was totally destroyed, together with a large stock of raw material. The loss is estimated at $25,000. Insured.

It is rumored that F. Carter Cotton, Vancouver, B.C., has definitely decided to abandon provincial politics and to try his luck at the next dominion elections. It is rumored also that the so-called provincial party will be dissolved and merged into the conservative party.

John J. Galloway, teller of the Merchants bank at Windsor, has been transferred to Toronto to succeed George M. Wilson, the teller who was arrested in connection with the disappearance of $10,000 from the bank.

By the new time table which comes into effect on the G.T.R. the first Sunday in May an extra express train will be put on between Toronto and Montreal, leaving the former place at 10:30 o'clock.

Seven men of the Strathcona Horse have been selected at Winnipeg out of a long list of applicants. The men from the west are expected to pass through the city to-day.

The Ontario minister of education has decided to adopt the proposal reducing the period of service before a teacher can apply for superannuation.

Seeding throughout this district was generally begun to-day. Farmers say ground is not working any too well, being wet and soggy.

HOBOES SCARED.

A Stringent Law Made Against Them in Ontario.

Toronto, April 23.—There will be no place for the tramp in Ontario hereafter. The experiment was made last fall of rounding up the professional tramps and putting them in jail over winter and it was so successful in lessening the number of offences that the attorney-general has decided to order the adoption of a similar policy every spring and fall. Inspector Rogers of the provincial detective force will have special charge of this work. Last fall about 170 tramps were arrested while stealing rides on trains, and within a week or two the news of the round up had spread into the states, and 1,500 tramps who had intended to winter in Canada, made headquarters in Michigan and especially in Detroit, where the vagrancy laws are somewhat loose. It is stated that Quebec will adopt Ontario's method of abating the tramp nuisance.

DR. HALEY DEAD.

Member of Parliament at Rest After Long Illness.

Ottawa, April 23.—Dr. Allan Haley, M.P., died at the Russell house this morning. Dr. Haley represented Hants county, N.S., since the last general election. He was first returned to the legislature of his own province in 1882. Dr. Haley suffered a serious attack of illness last autumn from which it was thought he could not recover and ever since he has been more or less an invalid, but having been partially restored to health he came on to Ottawa and was able to sit in the house. Then he suffered a relapse and for several weeks he has been sinking, confined to his bed at the Russell. The remains will be taken from Ottawa to-day to Nova Scotia for interment.

For Indian Famine Fund.

Toronto, April 23.—The various church and public organizations collecting money for the Indian famine sufferers will have little difficulty in forwarding $50,000. The Presbyterian church officers are receiving money at the rate of over $500 a day on an average. The Christian Guardian had sent forward 86,323 up to Friday for the Methodists and Miss Macklem, $2,300 for the Anglicans. Over $30,000 has already been forwarded in all from Toronto. These subscriptions, of course, come from all parts of the country.

Forged For Large Amount.

Montreal, April 23.—A man named Turrene has been arrested in Chicago, charged with forging the name of Castane, a Cuban banker, and cashing cheques to the amount of several thousand dollars at a Montreal bank a short time ago. The forger was traced to the windy city, and there apprehended. He will be brought back to Montreal.

To Bounce Foreigners.

Tacoma, Wash., April 23.—Pekin telegrams to Shanghai papers announce that the Chinese government has decided to dismiss every foreign instructor from the Chinese military college and provincial armies on the expiration of their present contract. Russian, German and Japanese instructors are affected. They will be succeeded by native instructors.

Four Persons Murdered.

St. John, N.B., April 23.—On February 23rd the house of Edward Lawrence, Lakeville, was burned about daybreak and four persons perished in the flames. Oscar Little, aged sixty, is under arrest, charged with the murder of the Lawrences. The authorities claim to have a strong circumstantial case.

Sent Up For Six Months.

Montreal, April 23.—Some weeks ago a clerk of the city long room named Lamarche fled to the United States, and an examination of his accounts showed defalcations of various small amounts. He was brought back and today sentenced to six months' imprisonment.

Attempted And Died.

Buffalo, N. Y., April 23. — John Thompson, a once prosperous merchant, died at the Erie county hospital shortly before one o'clock this morning as a result of an attempt of suicide on Saturday. Thompson was fifty-six years of age and a veteran of the civil war.

Accused Of Bigamy.

Chicago, Ill., April 23.—Earl and countess Russell, London, accompanied by a son of the countess, are at the Palmer house on their way to England, where the nobleman is to face the charge of bigamy, his wife asserting the law has not released him.

Death Of Mrs. Webb.

Richmond, Que., April 23. — Mrs. Webb, wife of the late Hon. W. H. Webb, legislative councillor and sheriff of the district of St. Francis, died at her residence in Upper Melbourne on the 22nd of April.

A meeting of the civic committee on water works was called for four o'clock this afternoon.
