THREE RYING IMI

There are three periods in a woman's life that are fraught with great danger to her hearth. The first of these is the unfolding of the bud of girlhood into the full bloom of womanhood. Mothers should carefully guard their daughter's health at this time. If there be pain in weariness and lassitude, paleness and weakness, headaches and irregularities, there is no remed much good as Milburn's Heart and Nerve Pills. It enriches the blood, strengthens the nerves,

cheeks rosy, and brings about regularity. The next period when a woman requires the aid of a g toning, blood-enriching remedy like Milburn's Heart Pills is Motherhood.

During pregnancy these pills make the blood rick the health good. After baby comes they restore the st build up the depleted system. Women at the change of life will find nothing equal t
