Ladies Can Ride Gracefully.

The Stearns Ladies' Roadster has a very narrow tread and a very low drop frame. The two essentials to graceful riding are found in those two points. The crankbanger and the teatpost lug construction are very light-

but strong Thus the Spearns lady rider has a light bicycle which can be ridden without exertion, with ordinary skires and gracefully.

E. & D. Vertical

Load Transmission

The best bearings in the world are E and D four-point bearings. They wear so libble that they are guaranteed for three years. They are the only bearings that transmit the load vertically from axle to bub in the natural manner. The pressure is never greater than the load. The pressure on spool or cup is never greater than one eight of the rider's weight. In all other types of bearings it is always more than one fourth of the rider's weight.

E and D locally guaranteed wheels have four point bearings through-

ECZEMA ON FACE

Could Not Go Out. Five Menths Under a Physician. Went from Bad to Worse.

Gave Up Hope. Friend Recommends CUTICURA. Change in One Night. Cured One Month.

I was troubled with ecsema on the face for five months, during which time I was in care of physicians. My face was in such a condition that I could not go out. It was going from bad to worse and I gave up all hope, when a friend of mine highly recommended Cuticuna REMB-1 IES. The first night after I washed my face with Curicuna Soar and used Curicuna (ointment) and Cuticuna Resolvent it changed wonderfully, and continuing the treatment it removed all scales and scabs. From that day I was able to go out, and in a month my face tous as elecn as ever, THOMAS J. SOTH,
