The National Cycle and Automobile Co., Eimited, Toronto.

We have twelve chainless bicycles among the National and the Columbia Chainless is the standard. The large gear wheel is always true. scientific form. And it is absolutely perpendicular to the crankhanger.

All parts are protected from dust. It needs no graphite.

In E. & D. four-point bearings the load cannot give itself any leverage, as the bearings only carry the load in a direct line from axle to hub.

The pressure on the E. & D. four-point bearings is divided o in each bearing between two points, while in ordinary beare ings it all comes on one point. In the E. & D. four-point e bearing, as compared with the best bearing of any other type, the pressure is just half. Just half the pressure, just half the wear. E. & D. National locally-guaranteed four-point wheels,

\$60; E. & D. Specials, \$70; ladies' and men's models.

GEORGE MILLS & CO., Kingston.

The National Cycle and Automobile Co., Limited, Toronto.

"Pennants"

The Pennant Wheels are sold at \$35 and \$40. They are locally guaranteed. They have ball-retainers in all parts, flush joints, one-piece cranks, detachable sprockets and the high-grade construction found in good wheels. The highest satisfaction may be obtained from Pennant models. We would like to show them to you.

HENRY ANGROVE, Kingston.

The National Cycle and Automobile Co., Limited, Toronto.

IT RUNS WITHOUT SOUND

You can ride the Monarch Chainless without feeling any pedal vibration from the gears. The gears may be separated or drawn closer together with the greatest case. All the Monarch adjustments are made from the outside of the wheel.

The gear teeth are so scientifically cut that they run without sound. They are hardened, and will not wear out quickly. The Monarch Chainless is perfect. Come in and see it.

34 KING STREET WEST, TORONTO.

LARCIE WOMAN

Who tipped the scales at 200 purchased one of our 46 inch. Bust Fast Color Print Wrappers and seemed delighted that even she could be fitted so readily.
