to, what is the result? You must remove the stuff or it will decay and fill your house with evil odors of putrefaction. That's precisely what happens in your own house when you become constipated, and the poisonous matter is taken up by the

sive or truthful term? These ladies are so saturated with the poisonous effluvia from their internal economy that they are habituated to it; their sense of smell is blunted. I wonder their husbands endure them! Both of these women suffer from Constipation; their complexions are muddy their breaths nauseating to senpeople. I wish I knew them ntimately enough to advise them the most wonderful medicine I have ever known for the regulation of

the bowels, purifying of the blood and sweetening of the breath. My dear sisters, I wish to tell you that your health depends entirely on the state of your blood. Your blood makes you whatever you are, for through the blood every organ in your body is kept in repair. If your blood is poisoned by the waste material that is retained in your body because of your constipation, you are not being built up as you should be.

Karl's Clover Root Tea is a truly wonderful tissue builder. It produces healthy digestive organs, allowing your food to nourish you, and induces sound, refreshing sleep.
