IN THE CITY'S INTERESTS. TO RECOVER THE GOVERNMENT FAIR GRANT.

Over A Car Load Of Citizens Went Out To Harvest Monday To-day To Attend The Annual Meeting Of The Frontenac Agricultural Society—The Object Of The Journey.

Yesterday afternoon a joint meeting of the council of the board of trade and the civic committee on city property was held in the mayor's office relative to the proposed recovery of the government grant to a county fair.

The meeting was held at 5 o'clock and was attended by Mayor Livingston, Aldermen Ryan, McCartney, Shaw, Toy, Donnelly, Keat, Messrs. J. McFarland, J. Howland, A. Chadwick, R. J. Carson, J. P. Oram, S. Harkness, E. King and Capt. Gaskin.

A Chadwick, president of the board of trade, opened proceedings by stating the object of the meeting. The annual meeting of the Frontenac agricultural society was to be held at Harrowsmith the next day and it was intended to send out sufficient qualified members to have the old society grant returned. This could be done upon a majority vote.

Continuing, Mr. Oram said it would require about \$5,000 to conduct a fair. He gave a statement of ways and means of raising this fund. It included the government grant, \$720; sale receipts, from \$2,000 to \$2,500; sale of booth privileges, membership fees, entrance fees, subscriptions, grants, etc.

Alderman Ryan pointed out that the city council could not reasonably be expected to give a cash grant. Mr. Chadwick pointed out that when the Harrowsmith crowd captured the last annual meeting of the society, they demanded and received from Mr. Oram all the books and papers of the society, together with a bank balance of \$150.

Alderman Kent asked who were to shoulder the responsibility? He had been favored with considerable experience in such matters, having been a member of the old association for twelve or fifteen years, and he knew that at times there existed deficits. Who were to be held responsible for these debts?

Mr. Chadwick informed the officers and directors, named by Mr. Chadwick in his list, were numbered with the others. Alderman Kent begged to be excused. He would ask his name to be removed from the list. The Frontenac agricultural association of years ago always made good any deficit. The speaker further pointed out that if during fair week rain fell the receipts fell for short and it would be impossible to pay prize monies. He was of the opinion that the society should be a non-profit making association.

Alderman Ryan said the city cannot run the fair. The treasury cannot be made a milk cow. John Hewton was of the opinion that many of the directors and members would favor the grant coming to Kingston. R. J. Carson thought the citizens should take some action in the matter. If not, a syndicate should take hold of the project. If a fair is conducted on a business basis it can be made to pay.

Alderman Ryan wanted to know to what extent the deputation would pledge the support of the council, providing the object aimed at was secured. The mayor replied that the council would not be pledged. The members going out were doing so as directors seeking to protect their interests.

CITY AND VICINITY. Hockey! Hockey! Boots for skating and hockey cheap at Aborneth's.

Musical. At Mrs. R. T. Walkem's to morrow evening. Admission ten cents.

Satin Slippers. A small lot of ladies' satin slippers, small sizes, worth \$2.50 and \$3 only \$1 per pair at Haines & Looney's.

Drowned Near Lyndhurst. Tuesday afternoon a man named Martin, a widower and a resident of Lyndhurst, was drowned while crossing the ice returning home from the woods. The body was soon after recovered. He leaves three small children.

Great Sale During The Month of January. Proves of the New York clothing store, Brock street, will offer to the public all his ready-made clothing at cost price. His stock is well assorted. People in need of clothing will do well to call on him as he is determined to reduce his stock. He also gives great value in clothing made to order.

It Looked Like a Wedding. Last evening one of the most popular merchants in the city accompanied drove to the Grand opera house in a cab sleigh driven by a white team of horses. As the sleigh left his store he was subjected to a heavy shower of rice, from the hands of several companions, the white horses suggesting to them a more important event.

An Old Plan Unearthed. A plan of the proposed improvements to the King street esplanade, drawn many years ago by W. Irving while city engineer, is now on exhibition at the city engineer's office. The plan provided for a ten-foot sidewalk along the outer edge, which would be protected by an iron fence, and a sixteen-foot boulevard containing a row of shade trees.

Attended Installation. Last night Messrs. W. Hughes, J. Lohrup, W. J. Clark, Alexander Milne and W. P. Coker, members of Court Frontenac, I.O.O.F., went out to Collins Bay to attend the installation of the officers of the new village of Bath, on Macgillivray, Toronto, was the installing officer. The visitors were dined at the close of proceedings.

Farmers' Institute. The farmers' institute meeting held at Sooley's Bay on Tuesday was very successful, the meeting being very largely attended by the farming community. A. Brown, Picton, spoke on the different methods of producing short rotation, keeping up fertility, etc. His addresses proved very beneficial to many. Mr. Rennie, Miliken, also offered many very practical ideas on the rotation of crops and also tile draining.

Strengthening The Floor. Acting upon the intimation given by the White, the chairman of the committee on the city property, alderman Ryan, and city engineer Bolger examined the floor of the police court chamber and found it sinking. The engineer was instructed to remove the services of carpenters and other workmen necessary to make the needed repairs, and to-day they were put to work erecting props and supports under the floor.

Locker Broken Into. On Saturday some person or persons with a determined foot or plunger broke open a locker in the bathing department at the Y.M.C.A., stealing a fine sweater, a pair of running shoes, and other articles of wear in the gymnasium. The locker was recently rented by Arthur E. Ellis, architect, who consequently is the loser. This is the second time he has had articles stolen from the Y.M.C.A. basement. The police have the matter in hand.

Has Opened Proceedings. Commissioner Charles Murphy, appointed to investigate the charges brought against James Devlin, late chief engineer at the Kingston penitentiary, during the recent investigation into penitentiary matters, has arrived, and to-day began business. Part of the evidence will be taken in the warden's office at the Kingston penitentiary, and the balance in the parlour of the Hotel Frontenac. Commissioner Murphy will be assisted by John Hyde, accountant, Montreal, who has also arrived.

For The City Property Committee. After hearing so much grumbling from the aldermen as to the need of hat and coat racks in the city buildings, adjourned to the council chamber, it is strange the committee on city property has not provided the necessary accommodation. When council meets the aldermen are obliged to scatter their hats, coats, etc., indiscriminately about the clerk's office, mayor's office or council chamber. A row or two of hat and coat racks placed in either the hallway or the city clerk's office would be a boon to the aldermen. The expense would be trifling compared with the comfort enjoyed.

Aldine Club Assembly. A very enjoyable social event was held in the White hall last evening, the occasion being another of the Aldine club's famous assemblies. This is the first gathering the club has had since a year ago last winter, but last night they fully compensated for the lost time. Excellent refreshments were served in the hall and the temperance revelry indulged in until about two o'clock, when the assembly broke up.

United States Patents. Patents recently granted to Canadian inventors by the United States Patent Office, Montreal, Charles Booker, Toronto, device for preventing filling of bottles; Clotilde F. B. Darand, Montreal, portable fire extinguisher; Philip Nicolls, Toronto, double vent double flushing water closet; Addison Norman, Toronto, electric cable for propulsion of vehicles; John Sigur, Glenboro, hotbedstead, table, sofa or chair.

Canada Patents. William S. Wilson, Hamilton, back pedaling brake; A. Bennett, Montreal, medical composition; O. C. Belmont, East Providence, folding table; A. Pagueau et al., Montreal, smoke consumer; Lefebvre et al., Lowell, Mass., chimney cleaners.

Abbey's Effervescent Salt TWO SIZES 25c 60c

JOHN A. SHIBLEY, YARKER. A SKETCH OF THE PIONEER OF THAT STIRRING VILLAGE.

At the Close of His Declining Days He Can Look Back Upon the Improvements He Has Helped to Make And That Render Yarker One of the Foremost Villages in Addington—A Short History of the Family.

John A. Shibley, J.P., one of the pioneers of the now flourishing village of Yarker and one of the oldest and best known business men in the county, now seriously ill and has been suffering from repeated attacks of sickness during the last year or two. Mr. Shibley was born in Portland township seventy-four years ago and has spent all his long and active life here where he was born and reared.

He was the son of the late Henry Shibley, a leading farmer and one of the well known pioneers of Portland township, settling there in the early years of this century. His mother was Charlotte Day, a daughter of one of the pioneers of the old and well known residents of Frontenac county.

Mr. Shibley belongs to good U.E. loyalist stock. His grandfather, John Shibley, was a resident of New York state before the great American rebellion and did active service in the loyalist cause during that memorable war. He was a corporal in Jessups regiment, one of the noted regiments in the British service.

When the war resulted disastrously to his cause he, with thousands of others, found it necessary to leave his native land and see his home confiscated for no other crime than that of remaining loyal to the British flag. He came with the early U.E. loyalists to Upper Canada and settled on the shores of the Bay of Quinte in "second town," a few miles west of the new village of Bath, on what was afterwards popularly known as the "Lasher farm."

According to the old government records he was on the "Provision list" in 1786, being supplied, as were the other loyalists, with frequent government rations until they had an opportunity of clearing their wilderness lots and raising food on their own soil. He reared a family of four sons, John, Jacob, Henry and David. The first of these were given a tract of 1,200 acres of land in Portland township, was equally divided between them. There they all lived, reared their large families and died. They were all energetic men and prominent citizens.

Though each of these brothers left large families, it was frequently remarked that for many years there was but one son representing each family living. One of these, the late Jesse Shibley, Sharbot Lake, died recently. He was a son of John Shibley. Charles Shibley, residing near Yarker, a son of Jacob, and Jean Ann, the subject of this present notice, are all the men now remaining of that generation.

The late Schuyler Shibley, M.P., and the late Henry Shibley, two well-known residents of Frontenac county years ago, were brothers of John A. Shibley. His father was the mother of the doctors Wartonman now of Napanee; Mrs. George Miller, a pioneer settler of Yarker; Mrs. (Rev.) R. Lochead; Mrs. James Daly, mother of Dr. Oscar Daly, Kingston; Mrs. Helen Martin, Tamworth; and Mrs. Peter Miller. The latter two sisters are now all dead except the last two named.

John A. Shibley has had to do with the building up of the village of Yarker from its very commencement. In 1836 the late Jesse Shibley built a saw mill on the rapids river where the village now stands. That was, we believe, the first mill of any kind built in that immediate locality. John A. Shibley, then a young man, assisted in building that mill. In 1832 George Miller, his brother-in-law, built the first grist mill there, and he also gave a friendly hand in helping erect it. That was burned in 1846 when he went into partnership with Mr. Miller and they erected a flour and wooden mill on the same spot. He then became a permanent resident of the village and has since that time been a citizen of the place.

Mr. Shibley was twice married, first to Miss Sharp, Ernestown, a sister of John Sharp, E. of Bath, township, and after her death to Miss Guesd, daughter of S. Guesd, now of Yarker.

THE FIRE DEPARTMENT. Committee in Charge Inspect The Two Fire Stations.

The civic committee will be called upon in the course of a few weeks to hand in their yearly estimates to the finance committee before the budget for 1898 is struck. Preparatory to that the several committees usually inspect the departments under their charge to ascertain what improvements or additions are required.

Yesterday afternoon the committee on fire, water and light made a thorough inspection of the two fire halls, and noted the absolute necessary alterations and improvements. The committee was represented by aldermen Minnes, Robinson, Johns, Elliott, McCartney and White, who were accompanied by city engineer Bolger and H. Foulton, chief of the fire department. A visit was first paid to the Ontario street station, where the inspectors were shown through by W. Miller. Here several improvements were found to be indispensable. One section of the roof is leaking quite freely, with evil results to the interior. The station is sadly in need of up-to-date sanitary equipments and a proper system of ventilation.

These can be added with little expense and provision made in the estimates, accompanied by an urgent recommendation for their introduction. The antiquated floor, which has stood since wear and tear since 1861, will require bracing up or removal. The wood has lost its strength and has been breaking for the past few years, allowing the doors to settle down in the centre. New doors are needed improvement. While at the station the committee had the new horse turned out, and are satisfied as to his activity and usefulness to the department.

A walk was taken to the upper station, where it was seen that the gaping of the rear wall was giving way owing to the beam supporting it slipping out of position. The move of the beam caused rents in the wall, and openings around the coping, through which water finds its way. The wall keeps bulging out, and unless repaired shortly will topple over. Alderman McCartney examined the wall along with the city engineer and suggests that a section of the roof fourteen feet by fifteen feet be torn down and rebuilt. Several doors require repair and other minor improvements were noted. The committee will also make allowance in their estimates for the purchase of Y hydrant nozzles with double cut offs and for the purchase of 500 feet of new hose.

Sporting Paragraphs. What Is Transpiring In The Sporting Arena As Reports Go. A game has been arranged between the National and Juvenile hockey teams, to be played next week. On Rockwood rink last evening Rockwood II hockey team defeated the Britannia; score, 6 to 4. Dr. Clarke acted as referee. The Y.M.C.A. basketball team that will meet the Belleville aggregation at the local institution on the 25th inst. will be composed of R. J. Dunlop, G. Gates, N. Robinson, N. McCaig and W. Hamilton. A. Pannell will be on hand as spare man. The Rockwood team that goes to Napanee to morrow night will be composed of these players: Goal, Shea; point, Hamilton; cover point, Lumb; centres, Coxworth, O'Leary; wings, Young, Strauherze. E. Gilmour is acting as manager of the team.

Quite a number of ice yachts were out for a spin yesterday afternoon, many of them becoming becalmed long distances from the club anchorage. The sailors were obliged to strip the yachts where they stood and work back to the club house. A Game Of Hockey. Regiopolis college hockey team defeated the Kingston business college team on Dix's rink Tuesday evening after a hotly contested game. The score, one to nothing, gives a fair idea of the play which was at all times close and exciting. Neither team scored during the first half and after about eight minutes' play in the second half "Mike" O'Brien scored. The teams were: Business college—Goal, Mills; point, Moore (captain); cover, Williams; wings, Cotter, Gardiner; forwards, Robinson, Ferris. Regiopolis—Goal, Devin; point, Mahood; cover, Gooch; wings, M. O'Brien, Halligan; forwards, J. O'Brien (captain); Daley. Alvin Piarco refereed the game.

A Junior Hockey Match. A junior hockey match was played on Dix's rink last evening between the Juvenile and X Rays, resulting in a victory for the former with a score of three games to nothing. The teams were: Juveniles—J. Hutton, G. Smith, G. Chas. W. Tweed, R. Halligan, J. Charles, M. O'Brien. X Rays—J. Devlin, H. McKee, F. Hamilton, A. O'Brien, H. Ray, F. Ludlow, W. McKee. Referee—E. Rosch.

There Was A Rousing House To Greet Him Last Night. The appearance of Robert E. Mantell, the eminent romantic actor, at the Grand opera house last night, drew a large and fashionable audience and every seat in the house was taken and standing room very limited. The scene of the play, "A Secret Warrant," is laid at the court of France in 1791 when the Duc d'Orleans was regent and the incidents are of historic interest, giving an insight into the corrupt life of the court and of the intrigues of the lustre du cachet. The play was all that could be desired and was greatly appreciated.

Mr. Mantell in the role of Louis de Beaumont, captain of the King's guards, has a character worthy of his great ability. He is fitted with a splendid physique, and is gifted with an irresistible magnetism. Sufficient is it to say that the character is assumed by Mr. Mantell in a perfect and most admirable manner. The support given to the principal was excellent in every particular. Miss Minnie Radcliffe, who takes a leading part with Mr. Mantell, in her role of "Marguerite Bertrand," won admiration by her grace and infectious manner. Her accentuation was very pleasing. Miss Marie Russell, the favorite of the regent, was excellent in her impersonation of a beautiful and revengeful character. Beverly W. Turner, the goldsmith, and father of the Duc d'Orleans, was an exceedingly interesting figure, and his great force expression was a matter of study. The play was beautifully staged and the costumes were of a rich and dazzling nature.

A copy of the voters list for 1898 are being distributed among the aldermen.

INCIDENTS OF THE DAY. PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS

The Epics of Every Day Life—What the People Are Talking About—Nothing Escapes the Attention of Those Who Are Taking Notes. Now spring 1898 wall paper at D. A. Weese & Co's. The Royal military college glee club takes part in the concert at Barriefield this evening.

No, do not borrow trouble—'Tis folly without end; 'Tis should your sorrow double, When you have wept to lend? A farmer's team of horses, frightened by a passing car, backed against Wade's drug store window yesterday, but were checked in the nick of time to avoid a crash. School books, exercise books and scriblers, good values and new lines, at D. A. Weese & Co's.

Two street cars waited last night to convey the theatre goers home. The car to Fortmouth was heavily laden, passengers having to find standing room on the fenders. Preparing to take stock. Now is the time to buy. Everything reduced in price. R. McPaul, Kingston carpet warehouse. During the night some person entered the storeroom of the Windsor hotel and confiscated two of the choicest hams from the ice box. The thief was evidently acquainted with the interior of the building.

Now is your chance to buy cheap dry goods, carpets, etc. Everything at cost price, before stock-taking. R. McPaul, Kingston carpet warehouse. J. P. Rogers, of the Queen city oil company, Toronto, was in the city to-day in connection with the fitting up of the local works of the company. The company's head fitter is also here superintending the work. It is expected barrelling will be begun next week in the new works.

PERSONAL MENTION. Pithy Paragraphs About Persons At Home And Abroad. Harry Lindley is located for the winter at Victoria, B. C. Louis Skinner and Mosgrove, ex cadets, are taking short courses at the London depot, R.R.C.I. After the performance at the opera house last evening Mrs. Leigh entertained a few friends at her residence. Mrs. Cappon gave a supper to a few friends last night at the conclusion of the performance at the opera house. J. M. Theobald, at Toronto performing the duties of barber at the house of parliament during the session, has returned home. Mr. Downing, Woodstock, district agent for the Metropolitan insurance company, has taken an office on Brock street. Mrs. W. Ayles, Detroit, Mich., leaves for home this evening, after an extended visit to her mother, Mrs. Maxam, Redan street. Miss Blanche Gilbert, Barrack street, has been appointed school teacher at Donaldson's Mills and left on Monday to assume charge.

Least A. M. Cayley, R.A., whose corps is now stationed at Halifax, is spending a few days with Lieut. Col. Straubenzie, Lieut. Cayley is a graduate of the Royal military college. The death is reported from Toronto of Samuel V. Lindsay, second son of the late John Lindsay, formerly of Kingston. Deceased was thirty-nine years of age. His funeral occurred to-day. On Monday night a number of friends tendered L. P. Brannigan a complimentary supper on the eve of his marriage, taking advantage of the occasion to present him with a handsome clock. Alderman Morris, brother of the local manager of the Queen city oil company, was returned to the council from Central ward with a handsome majority. He was appointed chairman of the committee on streets, the most important civic committee.

Ottawa Normal Students. The Ottawa normal school re-opened Tuesday morning with the largest attendance in its history. Out of a total of 105 eighty-three araladies. In attendance are: Misses M. Campbell, Sunbury; A. Douglas, Wilton; J. Elliott, Sunbury; M. W. Emerson, Wilton; E. Gardner, Williamsboro; L. Harpell, Rockport; B. Henderson, Lima Lake; E. Henderson, Kingston; A. L. Hogle, Ernestown; M. E. Maitland, Atkinson; M. Neilson, Stella; A. Pickett, Howe Island; S. Swan, Rockport; S. W. Turnbull, Kingston, and A. Volume, Kingston.

Money to loan at lowest rates.

A Great Danger. Threatens Our Most Popular Sport—Skating. Hint Proprietors Up In Arms.

Graceful skaters skimming fleetly over the ice is a pleasing picture which, alas! has a reverse side, for thousands of cases of Healy Consumption are traceable indirectly to this sport. The youth of both sexes, and often persons of riper years, congregate in large numbers in out, rinks and skate until their bodies are exhausted, their blood overheated and perspiration is oozing from every pore. In this condition they sit down to rest or else walk slowly home; and what is the result? A chill, a check of perspiration, a cold which settles on the weakest part of the larynx, the bronchial tubes or their ramifications in the chest, and, lastly, a cough more or less racking and severe. Common sense dictates that the pores should be opened and the circulation of the blood equalized at once by a hot foot bath, with mustard or wood ashes in it, and the inflamed throat and air-passages soothed by a medicine combining healing, expectorant and tonic properties. Such a medicine is Shilo's Cure. It acts like magic, and taken in time, prevents the attack from developing into pneumonia, pleurisy, or nasty consumption.

S. C. WELLS & Co., Le Roy, N. Y. Dear Sirs.—I am glad to testify to the value of your Shilo's Cough and Consumption Cure in all cases of throat and lung disease. From my personal knowledge, it is specific for coughs of every form and has saved many from consumption. Indeed, I believe it a sure cure for consumption in its first stages, and it has relieved many cases where the disease has been far advanced. A. E. SALTER, M.D. Shilo's Cure is sold throughout the States and Canada on a guarantee, at \$2c., 50c., and \$1.00 a bottle; and in England at 1s., 2s., 3s., 4s., 6d. If any person, after faithfully trying two-thirds of a bottle, is dissatisfied with it, that person may return it to the druggist and get his money back, for our motto is: "No cure, no pay."

A MERRY DAY FRIDAY. For Shoe Buyers at Sutherland's. You can save from 20 to 35 per cent. Friday. Purchases for Cash Only.
