### Honorable Bealing Means Success !

When we began our Competition six weeks ago we were advised by our friends to abandon this method of advertising, on the ground, that the public had been deceived by the misrepresentations of unreliable, concerns, and our loss would necessarily be a heavy one. Our reply was:-If we deal honorably with the public success is inevitable.

We have obligated ourselves to give a certain number and kind of prizes, and if we get no greater number of answers than the number of prizes offered, we will give them, let the loss be what it may. What is the result of this? The public has at last given us the confidence we sought and in consequence this week we are offering nearly three times the number and value of prizes.

## INCREASED TO 6 CRESCENT BICYCLES

Gold Watches and a greater number of Special Prizes

This section of our Competition begins Monday, January 24th, and ends Saturday, February 5th.

OUR OBJECT is to introduce directly to the parents, teachers, students and school children of Canada our historical charts, which treat the subject of history in the same manner as a geographical map treats the subject of geography. These charts are now selling In the United States at \$25 and \$10 each, according to size.

Lambton, Ont., Dec. 23rd, 1897. The Comparative Synoptical Chart Co. 77 Victoria St., Toronto you, that the Crescent Bicycle awarded me as first prize in your "Educational Prize Competition" of fast week reached me safely vester is a beauty and here allow me to thank you for your promptness in the matter.. It was I might say, almost beyond my expectation to receive a prize of any kind for the reason, that & have several times entered the prize competitions of other concerns, each time to come out a loser. Everything was misrepresented, and if I was awarded anything it cost more than its value for boxing and packing. However, after invest gating the methods employed in your Competition, I came to the conclusion that a gentleman like Mr. Hewitt Bostock, M. P., President your Company, could not afford to be associated with any business that was not conducted on honorable business principles, and through this I became a competitor. The Chart is just what I wanted, and I am sure when the public get to know what your Chart System means in the The C. S.
