Dr. Ward's Blood and Nerve Pills, HAVE CONVINCED THE PUBLIC.

DR. WARD'S BLOOD AND NERVE PILLS

Restore the Snap, Vim, Energy and Strength You Have Lost-Those Who Know Speak Wisely.

GENTLEMEN: I think it due to you to let you know what a great boon Dr. Ward's Blood and Nerve Pills have been to my daughter Maggie. Prior to taking your great remedy she had been suffering from excessive nervausness for a long time, and her nerves were in a terribly shattered condition. The action of her heart was so weak that it did not have strength to perform its functions, causing violent palpitation and smothering after retiring. Frequently, on account of this suffocating sensation she was afraid to go to bed. Slight exertion exhausted her and caused shortness of breath. Her blood was I improverished and lost vitality, and she had no appetite. 'She was wasting away and was very hypochondriacal, feeling de-Liected all the time. Last December she began taking Dr. Ward's Blood and Nerve Pills, and she improved at once. Her blood became healthy and strong, and in six weeks ther impaired nervous system was restored to its nort mal healthy condition. Her heart responded to the healthy condition of her blood and nerves and re-I sumed its strong and healthy functions. She now sleeps without any of the dangerous, distressing, smothering and choking spells; her appetite is groud, and she has gained in thesh. Healthy color has replaced pallor, and she is now firell and strong, thanks to Dr. Ward's Blood and Nerve Pills. I thank you, gentlemen, for the remedy that has restored my daughter to health.

Dr. Ward's Blood and Nerve Pills.

Weigh Yourself Before Taking Them.

Night Clerk Grand Central Hotel, Peterboro'.

GENTLEMEN, -A very bad attack of the Grippe a year ago last spring left my system in a very weak state and my nervous system completely unstrung. And getting over the dangerous stage of the disease I naturally expected to gain strength, but unfortunately did not do so. On the contrary, my blood became weaker. I daily lost strength and vitality, and my nervous system became so weak that it was a constant so irce of suffering both day and night. I lost appetite, the sight of food nauscated me, the weak state of my system caused shortness of breath and unnatural action of my heart, such as fluttering and violent palpitation, and my face was like chalk. I was in this condition and constantly getting weaker when I began taking the Dr. Ward Blood and Nerve Pills, I had read the books they distributed and their advertisements in the papers and thought: "Well, I have taken so much medicine without benefit it is useless to spend any more money." However, I finally made up my mind, it is a forlorn hope; can but try. If I am not benefited I will not be hurt; so I bought one box and received great benefit therefrom, so continued their use, and to-day am a well man in consequence. My blood is strong, my face has the ruddy hue of health. my appetite has returned, I sleep well, I have not the slightest indication of nervousness or heart trouble, and from a sick, weak, nervous man, Dr. Ward's Blood and Nerve Pills have transformed me in six weeks to full health and strength. WILLIAM WILLARD, I am yours very truly,
