A COMPARISON MADE.

Between The Navies Of The United States

And Spain.

The Outlook, New York, compares the navies of Spain and the United States, as follows: "A comparison of Spain's navy with ours shows but one first-class Spanish battleship-the Pelayo-to our four. Spain has two old second-class battloships-the Numancia and Victoria; we have a modern This morning city clerk Drennan receiv- one. If we are ahead in battleships, Spain Cataluna, the Maria Teresa, and the has none; we have five modern and thirteen old fashioned boats; in addition, we have one dynamite monitor. Of torpedoboat destroyers she has six; we have none; her entire torpedo outfit numbers about sixty vessels to our twenty. Thus, in what have been called the two most effective engines of war upon the see, armored cruisers and torpedo craft, our navy is I mentably behind that of a third. HARDY & CO. navy is lumentably behind that of a thirdrate power; in all other branches we are ahead. As a whole, taking account of ag-

is specially noticeable in guns, of which we have more than twice as many as Spain has. When we consider the auxiliary fleets (we have at present eighty auxiliary vessele) which have been organized by the two countries, it is a satisfaction to feel that ours is many times as strong in numbe trebled by the superiority of our sailors, PORT DALHOUSIE, May 10. - Down: even if their numbers are lewer than Prescott, corn; barge Winslow, Chicago to the gun, it is the man behind the gun who Prescott, corn; steamer Forbes, Daluth to | decides the contest. It is said that the Prescott, oats; barge Fitzpatrick. Duluth Spanish naval service is in as bad condition seese EEEEEEEEEEEEEEEEEE to Prescott, rye; steamer Orion, Fort Wil- as is the military, and that Spaniards have

the new fighting craft which have supple-

mented the old style ships. Whether this

prove true or not, the war is already show-

ing our navy's superiority, not only in ves-

sels, but also in the seamanship and gunnery of our sailors.

Tweed Matters.
