DRUMMOND COUNTY RAILWAY

When the government a year ago proposed to lease the Drummond county rail. way, in order to extend the Intercolonial towards Montreal, it was insinuated that being 20 to 29. there was corruption in the case.

The Montreal Star had it that the deal was effected before even official reports had been made upon it, that on the strength of the agreement notes had been discounted the proceeds of which went to election purposes, to election trials, and to certain liberal newspapers.

The senate, on the strength of mere report, rejected the bill which gave the lease effect. The senate was, through its tory majority, willing to believe anything and do anything in order to injure the government.

Committees were appointed by the senate and the commons, at this ression, in order to clear up the scandal. The senate com- Saturday afternoon and unanimously mittee has not done anything.
