Out Of Town. Napanee, May 25. - The concert under the auspices of the benevolent society f Napanee, in the opera house on Monday evening, was a success. The other numbers of the programme were taken by local talent, and although only a short ime was devoted to practice they acquitted themselves creditably. Before "God Save the Queen" the mayor, Thomas Jamieson, thanked Mr. Brisco for his generosity in allowing he use of his opera house free for such good cause, and also the local talent Mr. Burton for so pleasantly enrtaining the audience. TO HAVE A COLONIAL POLICY.

This is Said To He The Purpose Of The Untred States.

WASHINGTON, May 26 .- This week will probably mark the passage by the house of representatives of the bill providing for the annexation of Hawaii. An overwhelming house and the senate and many democrate favor it, and it is not believed that speaker Reed will oppose consideration of the resolution this week. By many congress. men, the annexation of Hawaii is believed to be but the initial step, in the inauguration of an extensive colonial policy and there is a growing belief that the Philippines and Porto Rico will remain the possessions of the United States after the present war ende. In some quarters it is as. serted the annexation of Cuba is to come much sooner than was contemplated when the Cuban resolutions were passed.

KET WEST, Fla., May 25. The Cubans are fighting their way to the coast, where they will join the invading army. They had a hot fight near Matanzes on Thursday and Friday with Spanish cavalry reinforced by infantry. The Spaniards retreated. The rainy season in Cuba is well under

way. Preparations for bandling the sick here are complete and anxiety is felt. The lighthouse and flash lights are burning along the Cuban coast apparently to guide the Spanish fleets into port.
